THE BOOK OF BECOMING INDEPENDENT

CHAPTER 34: PLEASE DON'T FIGHT FOR ME!

「Lucio, are you there」

I was called by a voice, and I went outside the entrance.

Ojii-san was there.

Ojii-san who should be in our family home was there for some reason.

「Arere〜, what happened, Ojii-chan」

「Can I come up」

「Of course〜」

I let Ojii-san up, and let him through the living room.

「Is it a visitor Ah! Ojii-sama」

Sylvia showed her face.

「To think that the visitor was Ojii-sama」

「You can treat me as a visitor. This is Lucio's mansion, I am as you have said, a visitor」

「Uhmm……」

Sylvia made a troubled face and looked at me.

「Then, Sylvia, can you get the most delicious tea and the most delicious snacks for the visitors」

「Yes, I understand!」

Sylvia left the living room.

Ojii-san looked around the living room.

「This was the mansion Isaac bought huh」

「Un, that's right」

「……it looks like I placed a burden, to Lucio」

「Not at all. It's just exactly that I wanted a mansion. My family increased, so it was good since it has good space」

I answered in child-mode.

Ojii-san made a smile, and patted my head.

It was the way that Ojii-san patted me since about more than two years when I reincarnated.

「Is that so, is that so. As expected of Lucio」

「Thank you」

「Lucio-kun, it's a visitor～」

The door suddenly opened. There was Nadia, and the King's appearance there.

The King was wearing simple clothes for his disguise.

「My Senjukou, I came to play Mu!」

The King entered with a cheerful face, but he sulled in an instant.

He saw me no, he saw Ojii-san who was patting my head and got in a bad mood.

「My Senjukou, who is that old man」

「Eh?」

「My, you say? Lucio, who is he」

「Uhmm?」

It somehow became a weird flow.

「……I, will go help Sylvia okay」

Nadia who felt that ran away.

……I should punish her for a bit later.

Rather than that, it's about the two right now.

My real Ojii-san, and the King who took care for me since I came to the royal capital.

The two old men faced each other, and scattered fiery sparks.

……why?

「I do not know who you are, but you are too friendly with my Senjukou」

「Your? Lucio is not anybody's property. I don't know who you are, but are you not the one who is impudent」

The fiery sparks scattered more.

What is this, hey, what is this?

Uhm, in these cases, a magic that can take care of this situation there's nothing like that!

In the first place, I don't know what the situation is, so no shit.

For the meantime, I thought I should do something, and went in between of the two.

「Ou-sama, this person is my Ojii-chan. He is usually in our family home, but he came to play today. Ojii-chan, this person is Ou-sama. He really took care of me with the Grimoire Library」

「Senjukou's grandfather?」

「Grimoire Library you say?」

The two's eyebrows flinched at the same time.

Eh! Don't tell me this is also a landmine?

I thought, but.

「Excuse me. To think that you were the grandfather of Senjukou. I am Abraham the Third, the King of this country」

「Excuse me also. I am Luka Martein. Lucio's actual grandfather」

「It is a pleasure to meet you, Martein-dono」

「It is my pleasure instead, Your Majesty」

「Abraham, or Abe is enough」

「Then, please call me Luka」

Are? Arerere⁓?

Somehow, the two suddenly got along? What the heck is going on here.

☆

It was like to sit on thorns.

「Hou, you mean Lucio deciphered the Grimoire, and resurrected to this world an ancient magic huh」

「Umu, I was really surprised by that. To think that the ancient magic that controls the weather, right. Right now, it was only to be expected of

Senjukou」

「I also have that kind of episode. Do you know, Lucio have the hobby of reading Grimoires the second time」

「Reading it the second time?」

「That's right, it is the hobby of reading the Grimoire he once read, the second time」

「Unbelievable! To read Grimoire like that」

「As expected of Lucio」

「Umu, as expected of Senjukou」

Inside the living room, the two old men who really got along was having a lively discussion.

The was no trace of the simmering atmosphere earlier, but, with this like this, it's uncomfortable.

The two who was getting fired up, take a stop to praise the hell out of me, so I felt like I want to enter a hole if there was one.

「By the way, Senjukou made this for me」

The King said that, and took out the anime gemstone that I made.

He made played it, and streamed the anime on the wall was he walking with that around!

「Mu! I know, I received something like this from Lucio. Lucio, the Grimoire that you bought for me earlier, I was able to read it」

「Mu!」

……when I was thinking they were getting along, they scattered fiery sparks again.

Arererey, what's going on here?

This day, the two Ojii-san got along with each other, scattered fiery sparks with each other.

That was repeated a lot of times, and I who was in the middle of it, didn't feel alive.

CHAPTER 35: DRAGON RACE

Up in the sky, there are two dragons.

The two dragons looked completely the same.

And that should be the case, since both of them are me.

「Oi me, let Sylvia ride properly, I'll kill you if you she falls」

「You should also be careful, I'll curse you for three generations if you make Nadia fall」

I cursed with that side.

How can I say this, he's somehow annoying.

「Uwa〜……this if the scenery that Nadia-chan always see huh」

「Un! This is great right」

「Un, it's very beautiful.」 And the wind feels good」

「I know, I know」

「And……Nadia-chan looks cool. As expected of the rumored Dragon

Knight Nadia right」

「Sylvie would also be called like that soon」

On top of us, Sylvia and Nadia were having a peaceful discussion.

Nadia on me, and Sylvia on me'.

Sylvia was wearing normal clothes, and Nadia was wearing Dragon Knight attire.

If you're asking how did it became like this…….

☆

「I want to fly to the sky!」

When I was relaxing leisurely, Nadia suddenly entered the room.

I somehow left the Grimoire that I was reading on top of my stomach, and looked at Nadia.

「The sky?」

「Un, the sky! Remember, we haven't flown to the skies at all after we came here right?」

「Ahh, that huh. That one where I become a dragon and carry Nadia to fly to the sky」

「Un! I thought it's about time we know more around here……Lucio-kun, let's go, to the sky」

「I guess so, yosh」

Just like Nadia wants to fly to the sky, I also want to do something.

Dragon Knight Nadia.

I'll become a dragon, and let Nadia who is wearing armor right on my back.

It became very popular in the town of Barza quickly, and there were even Nadia's fans.

I want to show her brave appearance to the people of the royal capital.

I want to brag around my lovely wife.

I stood up while Nadia clings her arms with me.

「Lucio-sama Ah! Are you going out with Nadia-chan?」

Sylvia entered.

She saw us and figured it out.

「Do you need something?」

「U〜un, I just thought, if you need seconds for tea」

That's how it was huh. Well, it was really about the time when Sylvia was going to ask.

If it was like that, we can go out without holding back.

「Please be careful」

「Ahh, we're going」

「……」

「Nadia? What happened, thinking deeply like that」

「I know! Ne〜, Lucio-kun, can we let Sylvia go with us?」

「Sylvia too? I don't really mind at all though」

「Sylvie, is it okay?」

「What do you mean, Nadia-chan」

「Gufufu」

Nadia, grinning. We're not planning to do something that bad though.

We went out to the garden, I used magic there, and became a dragon first.

「Transform Dra 」

「Ah! Wait, wait, Lucio-kun」

Nadia suddenly stopped me.

「First should be Time Shift」

「Time Shift? Why」

「Can you bring the future Lucio-kun, and make that Lucio-kun become a dragon also」

I thought for a bit, and realized.

「Nadia, you……you're smart. I didn't think of that combination at all」

「Of course! I am always thinking of Lucio-kun you know」

That was a little embarrassing.

☆

With just like that, together with me who is one day after with time shift and became a dragon, let Sylvia and Nadia ride on our backs while letting them stick with Magnetics, and flew around the sky.

Sylvia and Nadia who was riding was horsing around, and was very happy.

I thought that it was really good I did it.

「Oi」

I' made eye contact.

I' looked at me, and looked forward.

It's me, so I knew what I' wanted to do.

「Until Barza」

「Ahh」

With that, it was all decided.

「Nadia, grab on tightly」

「Sylvia, we're going」

「Ike ike, go〜 go〜」

「Eh! Eh?!」

I' and I accelerated at once.

(Have one more join you and it's "Me, Myself & I")

Letting my bride ride, I accelerated in the sky.

It was the race, until Barza which would take a few days using a carriage which was ahead.

I accelerated explosively, and reached the top speed quickly.

「Ahahaha, so fast〜, it a lot more faster than Lucio-kun〜」

Both of us are me so our speed was the same……I thought, but that side of me was a bit higher.

If my speed was 99, that side was 100.

It was that small of a gap. But both of me was at my top speed, so the distance was only opening.

「It's strange, both are Lucio-kun, I wonder why that side faster」

「I want to know that」

「U〜n, ah, Lucio-kun, Lucio-kun」

「What is it」

「Can you remove the air ahead with magic」

「Air ha!」

I looked at I'. He grinned with dragon face.

I see, it was like that.

He was the me tomorrow, the me who had already done the dragon race.

Knowing the advice that Nadia told right now, and was doing it from the start.

I removed the air in the route with magic and accelerated, but the opponent was the same as me, I just aligned with me.

After ten minutes, with the distance not closing up after all, Sylvia and I' arrived first on the Barza ahead.

CHAPTER 36: PAPA AND MAMA AND GRIMOIRE GENIE

「Fu～……I should call it a day」

Inside the library, I stretched after reading Grimoire manga the whole day.

I cracked my body, and rubbed my eyes.

With only today, I learned more than 30 kinds of magic, but because of that, I was really tired.

「Eh～, let's read more」

「I should continue tomorrow, I'm tired after that」

「Eh～」

「……」

「Ne～ne～, it's enough today, but can you read more tomorrow?」

「……」

「Ne～」

「Who are you!!」

I replied normally, but I realized it was strange in the middle of it.

I quickly turned my head to my side, a see-through girl there.

Even though I said see-through, it's not her clothes, it's her whole body.

The girl who was about around a high school girl, had a transparent body that I can see through, and on top of that, she was floating in the air.

「……are you a ghost?」

「U⁓n, a little different. If I were to say, a genie I guess?」

The girl thought for a bit, and answered.

「Ah! My name is Christina, you can call me Chris」

「Chris huh, I'm Lucio. And, what do you mean by genie?」

「Uhmm you know, I'm a Grimoire Genie」

「Grimoire? A genie of this huh」

I raised the one that I had read earlier and showed her.

She appeared after I read it, so I thought it was like that.

「U〜un, that's wrong. Ah! Maybe it's better if I say guardian spirit?」

「I can't understand it more」

A ghost, a genie, a guardian spirit.

What is it really?

「Can you explain it more easily to understand」

「Because you read a lot of Grimoires, the magic powers of the Grimoires had piled up, and it was me who was created. Uhmm you know, everyone has a "seed" right. That seed grows up by the Grimoire's magic powers, and when Grimoires are continuously read, something like me is born」

「He〜」

「He〜, you say, your reaction is too dull〜」

「Well no, even if you tell me it's dull」

It means, because I read a ton of mangas, a genie was born from that manga, something like that huh.

「That's why, can read more Grimoires?」

Chris made a pose, and asked for it.

「Why?」

「Because」

She reached out her hand and tried to touch the Grimoire that I was holding.

But, she passed through. Well, she's a ghost.

「I can't touch right now, anything」

「Fumu」

「But if you read more Grimoires, more magic powers would pile up, and the density of my body would go up 」

「Ahh, you mean you can materialize more huh」

「Right! So, please. Read more Grimoires」

「I understand the story」

Patan I closed the Grimoire that I was reading, and returned it to its

bookshelf.

SutaSuta I walked, and left the library.

「H-Huh, wait a minute～」

Chris followed, she closely stuck to my side while flying.

「You can go out of there huh」

「Well, it's natural I can～. I can go wherever I want, and I can become anything I want」

「A line that's like from a manga huh」

I thought that I read that from some manga.

「Rather than that, read more, ne!」

「……」

「Ne～, Papa～」

I stopped.

I looked at Chris with eyes widened.

「Papa?」

「Un, Papa. You, my, Papa」

「Why broken words! I mean, what do you mean by Papa」

「You're the one who made me, so you're Papa right? Or do you want it Mama? "You're going to be Mama!", do you want me to say that?」

「What's with those lines!」

「U〜n, it somehow appeared inside my head? I wonder what this is」

Chris had a face that she didn't know herself.

She didn't know where it came from huh.

Well, she's something that materialized with the powers of manga, those things are probably inside her head.

……that's an erotic way, though, that one.

「In any case, it's enough today, I'm really tired」

「Eh〜」

「I'm going to read all of the Grimoires there, so be patient. Or is there a reason that you can't wait for it」

「U〜un, there's none〜」

Chris answered casually.

「It's okay if Papa could read until he dies」

「Then behave and wait for it. I will take my time reading」

「Bu〜. I got it, I'll do that」

I walked together with Chris.

Although I said that, Chris was only flying beside me who was walking inside the town.

「……nobody's caring」

Nobody cared about the see-through girl that was flying, maybe they can't see after all.

「By the way, is there someone else like you?」

「Someone like me?」

「Genie that appeared by reading Grimoires」

「There's no one right now you know? I'm the third one after 5000 years」

「Is that Koshien!　I mean, it was that long huh, since the earlier person」

「Well, everyone can't read it you know, Grimoires」

「……that's true」

「Ah! But if to think that way, maybe Papa is great? A genius once in five thousand years」

She's praising me too much　I thought, but it was the truth, so I didn't mind.

「By the way」

「Un?」

「You'll be the first one in history, if I completely materialize」

「Hou」

My heart was drawn by that a little.

Well, let's take our time.

Things that needs to be done haven't changed. It's just reading manga.

And just like that without noticing, I came back to the mansion.

「I'm back～」

「Welcome back, Lucio-sama」

PataPata Sylvia came out.

Sylvia saw me, and got petrified.

Precisely, she saw Chris who was beside me.

「……kyu～」

And just like that, she collapsed without saying anything.

I embraced her in a hurry. It was the same as the time with the cockroaches.

「Hey, what happened, Sylvia」

Sylvia was still unconscious and doesn't answer.

I remembered what happened earlier, I asked Chris.

「Oi, don't tell me, right now can she see you」

「It seems like that, I think that our eyes met」

「Oi wait, didn't you say you cannot be seen」

「That should probably the case though……Ah!」

「What is it」

「That ring」

「Ring?」

Chris pointed, there was Sylvia's ring finger with our wedding ring that was infused with magic.

「Don't tell me, is she Mama?!」

「Don't say Mama! I mean, she's my wife though」

「Then, that's it. Isn't it natural that Mama can see?」

Chris said casually.

No, naturally, you say.

「But, amazing, Papa is only a child but already married」

「It you're going to say how I look, stop calling me Papa」

「Eh⌒, isn't it alright, Papa is Papa you know」

I let out a sigh, and thought what I was going to do.

Suddenly, I noticed something.

The instance I noticed, that came.

「I'm back, ah! It's Lucio-kun who is this?」

Nadia came back from outside.

And as naturally, she could see Chris' appearance.

「Mama again?!」

The lines are weird!

「Lucio-kun, who is she? Isn't a little transparent?」

「Papa, amazing⌒, you have two wives although you're small⌒」

「I'm Nadia. You are?」

「Christina. Call me Chris」

「Wa! I thought of shaking hands but it passed through. What is this, Lucio-kun」

「I couldn't shake hands, Papa. Ne⌒, hurry up and read more Grimoires」

Sylvia who was unconscious, Nadia who was really having fun, and Chris that has too many things to be mentioned.

Thinking of what was going to happen from now on, I already have a headache.

「Worries of a successful person right」

Shut up yap.

CHAPTER 37: MAKE MIRACLE

Inside the library, I was reading Grimoires together with the King.

The Grimoire Genie, Chris was above us, and was sleeping while floating in the air.

Even though she was floating in the air, the look of her making a pillow with both of her hands was very cute.

Suddenly, I noticed.

The King turned the Grimoire's page.

「A-re? Ou-sama, did you just turn a page right now?」

「You noticed huh」

The King made a bragging face.

「Actually, I could read the page right now」

「Really?」

「Umu」

「Amazing～」

「It's thanks to Senjukou. Thanks to seeing that video, I could somehow read it」

「Really?」

「Umu」

The King nodded clearly.

It doesn't feel like he's lying. Including how he was imagining it in his head, it seems like he's thinking of that seriously.

The video is, the anime that I made out of this Grimoire using magic. ……by the way, the voice actress was Sylvia and Nadia.

The King said that he might've been able to read because he saw that.

I understand the logic.

And I thought that that it would really be nice if that was true.

「At this pace, I can completely read this Grimoire by next year」

「Please do your best, Your Majesty. If there's something that I can do, please tell me. I think that when it's about Grimoires I can be of help」

「Umu, I'm counting on you, Senjukou」

「Un!」

With the two of us again, we read manga silently.

In a relaxing space, reading manga leisurely.

I was as usual, completely reading one, and one again.

The King was staring at the same page.

It was a very peaceful time.

「Anyone～, is anyone here!」

A voice could be heard from the library's entrance. It was a shout that was almost a scream.

The King and me, we both narrowed our eyebrows.

I stood up. The person in charge with this library is me, it is my role at times like this.

When I came to the entrance, Isaac was standing there.

「Nii-san? Why are you here?」

「Fufufu」

Isaac was with a smile. It was a smile full of confidence.

What is it? With that smile.

「Lucio, they said that you're good with magic」

「……ha⌒」

I thought what is he saying after all these times.

「A thousand magician who deciphered a thousand Grimoires, they said」

「Well, I'm being called by that」

「Fufufu」

He laughed the same way like earlier.

No, that's enough really, so please tell what you'd come to do faster.

After Isaac puts on airs like that, he took out one book of Grimoire.

「That is?」

「Fufufu…… 『Make Miracle』」

Isaac used magic.

The magic powers enveloped himself and made a small explosion.

His head was like *Po⁓n*, exploded comically, and his head became frizzy.

「Oh⁓, Miracle」

**PachiPachi*, I clapped my hands.

「No⁓, it's not like that. 『Make Miracle』」

He used the same magic once again.

This time, the magic powers wrapped Isaac and me.

I can feel a warm feeling……this is, recovery magic?

Isaac's head returned to normal.

I was a little surprised.

「Nii-san, that is?」

「FuFuFu. 『Make Miracle』 is one of the lost ancient magic. Every time it's used, a different effect would happen, so it was a magic that was sealed because it was too dangerous」

「He〜」

A magic that has different effects every time huh, well that'd be really dangerous.

「Lucio, you said that you remembered a thousand magic, but. It's not like that. It's not numbers, it's quality. With this kind of things, even one should be enough」

I see, that's why he came to brag.

「……ne〜, can you let me see that?」

「What? Are you thinking that I'm lying? Alright」

He said that and passed me the Grimoire.

「Ah, isn't this a magazine?」

「Ma-ga-zine?」

Isaac was dubious.

「U〜un, it's nothing」

I pretended like it's nothing, and continued to read.

It was a type of manga that I would read first in this world.

It's not only one creation, but with many drawings, it's a manga that is filled with different stories into one book.

I somehow saw it as a manga magazine.

「Hmph, it's useless to even if you act like you can read it while flipping the pages, how long do you think I read 」

I read it until the end, closed the book, and used the magic.

「 『Make Miracle』 」

「Eh?」

Isaac was surprised.

Shi～n. Nothing happened.

「Y-You surprised me. Nothing's happening ain't it」

「No」

Isaac couldn't felt it, but me who used it can feel it.

「From above……it's coming」

「Above?」

Immediately after, that happened.

The meteor that fell from the sky crashes through the ceiling and fell behind Isaac.

He fell forward because of the shockwave, making an idiotic posture, standing on fours.

「It even make meteors fall huh, I shouldn't use this carelessly」

Make Miracle, un, I'll seal it and try to not use it again.

「What happened, Senjukou」

The King came out. He was surprised with the hole peeking in the ceiling.

「This is?」

「I'm sorry, I used it because I remembered a new magic, but it was a magic that makes meteors fall」

I apologized to the King.

The King was surprised looking at the ceiling at first, but he immediately made a kind smile.

「Is that so, is that so, then, it can't be helped」

「I'm sorry」

「Well no, Senjukou should be like that. From now on, you should continue to use magic that you learn as much as you want」

「Un」

「By the way, who is this」

He looked at Isaac and said.

Probably because it was in front of a stranger, the King was on disguised

mode.

「E〜to, my 」

「I have no name for you to call!」

Isaac stood up very quickly, and keeps up his appearances.

To act like the idiotic posture on fours was nothing, he was more than usually (it might be as usual though) , acted arrogantly.

「Is that so」

The King wasn't angry, but his eyes weren't smiling.

A〜ah.

「Lucio! Are you alright! Right now, something amazing fell right here right」

This time, Ojii-san rushed in.

「O-Ojii-sama」

「Un? Isn't it Isaac. What are you doing here?」

「E～to, I am……」

It was Isaac who was cringing towards Ojii-san.

「Stop wasting your time here and go study and work」

「I-I got it okay」

Isaac was going back reluctantly.

He grabbed away the Grimoire from me, and was going outside.

「Your Majesty the King, I had brought something good today」

「Umu? What is that, good thing」

「Your Majesty the King?」

Isaac stopped. *GiGiGi*, he looked towards us.

Ojii-san who was talking to the King, he saw that, and had a blue face.

「Y-Your Majesty the King?」

I nodded without saying anything.

Un, that's right.

This person, is the King.

Isaac's face was more and more bluer and ran away from this place.

……you'd run away huh, at least apologize before you go.

「What happened with Isaac」

「Who knows?」

I pretended I didn't know. Because I thought that the King probably didn't mind it.

He's thinking of it like it's nothing, in both good and bad meanings.

That's why, I didn't do anything.

And in that time, Ojii-san and the King entered the library.

「Rather than that, what is that good thing you sad」

「It's this」

「This is……Senjukou when he was younger huh!」

Eh?

「Umu, I asked someone who could use magic that can leave behind the appearances to leave it. It's my collection」

「Umu, how splendid」

The two Ojii-sans were having a blast.

Just like Isaac, I wanted to run away from this place.

CHAPTER 38: WIFE'S BEGGING

I was playing in the yard with Coco.

「I'll make it more difficult this time……there」

I threw the ball making it form an arch.

The ball that was almost the same size with a baseball's flew while drawing a parabola.

Coco chased after that. While her tail fluttering under her skirt, she chased after it.

Pachin, I snapped my finger.

The ball splits into three in the air, and flew towards three directions as if to burst.

「Waaa⌒」

But when I thought she would panic, Coco seemed to be having fun.

She caught one that flew, had a sudden change of direction and caught one again, and caught the last one that flew in the opposite direction with a head slide.

She caught all three balls without dropping any of them.

She held that and came back.

「You want to go for one more time?」

「Un!」

「I'll make it more difficult this time……there」

I threw the ball again, and casted magic at the same time just like earlier.

I casted magic that turns something transparent this time, the ball became transparent in the air and it couldn't be seen.

Coco stopped to a halt. Was it too difficult after all?

Although I thought of that, *SunSun*, she started to make a sound with her nose.

She fixed her directions there, and jumped.

「I did it⌒」

I can't see it, but it seems like she caught it.

She once again returned with that, and passed me the ball.

I removed the magic, and returned the ball to normal.

And I threw that once again.

I casted magic, and the ball disappeared.

It was a different magic than before. It was a magic that teleports things to a different place.

But even so, Coco stopped, sniffed the smell, and chased after it towards a clearly different direction.

As expected of a Wanko, she can reach the smell even though it teleported huh.

When I was waiting in my place, I felt a gaze.

It was a gaze coming straight from my side.

When I looked there, there was a young boy that was the same age as me.

It was a boy that was around 8-years-old that looks cheeky.

When we met our eyes, he went towards me. It is, the grounds of my mansion though.

「Oi, you」

「What」

(It looks like it) It's between children, so I replied normally without child-mode.

「Your wife, she's cheating」

「……ha?」

「Divorce immediately」

「I can't understand what you're talking about」

「Divorce with her immediately and release her, you got it!」

The boy just said that, and left as if to run away.

He left the grounds, and hid in the shadows……he's not completely hidden though……and stared at me.

「Sylvia⁓」

I called Sylvia first. Sylvia came out of the mansion.

「What is it, Lucio-sama」

「Can you come here for a bit」

I called Sylvia to come closer, and hugged her.

「Lucio-sama?」

Sylvia felt it strangely. She relaxed and rested her body on me.

I looked towards the boy, his expressions haven't changed or anything.

「What is it, Lucio-sama, so suddenly」

「It's nothing, rather than that, can you call Nadia」

「Yes」

Even though she felt it strangely, Sylvia returned to the mansion.

After a while, Nadia came.

「You called〜? Lucio-kun」

「Yeah, come her for a bit」

I hugged Nadia who came to my side just the same.

「Eh～, what's up」

Nadia was different from Sylvia, she wrapped her arms around me, and hugged back the same.

She embraced very tightly, and showed affection.

I looked towards the boy.

He seemed very frustrated, he had eyes that could kill a person with hatred.

I see, it's about Nadia huh.

I let go of Nadia. I looked at her hand.

The ring that she is wearing on her ring finger was still there.

It's a ring made with magic, an item that would break at the instance she would cheat.

It was there as usual.

「What is it, Lucio-kun」

「U〜n. Do you know him?」

I said that, and pointed at the boy.

Nadia looked at the boy.

「U〜n」

She tilted her head, she's doing her best to think.

「U〜n」

She groaned, she desperately thought of it.

「U〜n」

「I got it already, that's enough」

I stopped Nadia who had the air, that it wouldn't come out no matter how much she thinks of it.

「By the way, did someone say they like you recently? Or did someone give you a present」

「Not at all〜. I've been teased though」

「Teased?」

「Un, like being scared by a caterpillar in a branch oh, it's him」

Nadia suddenly remembered.

「Oi oi」

"Really, that one", I thought.

The pattern that elementary school boys teases the girl they like.

But, I get the story.

He likes Nadia, and came to her husband, me, to break up.

The saddest thing about it, he wasn't almost in Nadia's memories, his existence was almost not recognized.

I thought of it sadly instead.

「He came to play tricks on me again huh. I'll go complain for a bit」

「It's okay」

I stopped Nadia.

「Leave him alone」

「But～」

「It's okay」

「Un, I got it」

Nadia nodded honestly.

「In exchange, can I ask something」

「What?」

「If he bullies me again the next time, Lucio should exterminate him」

Exterminate, you say, that's not peaceful.

「Ne! Please」

She asked for it placing her palms together.

Nadia's that gesture was super cute.

「I got it」

I nodded.

「Wa〜i. Then, I'll let him go today」

She said that, hugged me once, and Nadia returned to the mansion very joyfully.

I looked at at the boy.

When that time comes, I'd at least hold back, I thought.

CHAPTER 39: DEMON KING, ONCE AGAIN

「I will dispatch it immediately」

「Umu, I'm counting on you」

Audience hall.

When I came because I want to ask something concerning Grimoires to the King, but that King was somehow troubled.

The man that he was meeting with earlier jumps out of the audience hall.

「Ou-sama, what happened?」

「Oh? Isn't it my Senjukou. What is it today」

That's my line, what is it with you.

You're making a face that you'd die anytime.

「Are you okay, Ou-sama, your complexion is really bad」

「Can you tell……no, it's nothing」

The King feigned his expression.

「Do you have something you need, my Senjukou」

「Ou-sama, let me of Ou-sama's help」

「Senjukou……」

The King, as if he was moved, he had wobbly eyes.

「I got it. Either ways, it's not something that can be hidden forever. Actually, the Demon King resurrected」

「Demon King? Is it Balthazar?」

I remembered that I resurrected him by reading a Grimoire recently.

「No, it's not that Demon King. Balthazar's descendant, it's Balthazar the 7th」

「Balthazar the 7th?」

「Umu, he should've been defeated by the Brave of time thirty years ago, but he resurrected recently, so posed an announcement to the whole world. He said submit to him. Because of that the whole world is on panic」

「I see……by the way, isn't there a Brave?」

「Just born recently……he's still one month after birth」

That would be useless huh.

「There is the predecessor Brave, but when I sent a messenger, it was immediately after his wife ran away because of gamble and alcohol」

It's a downfall life～.

「And I am just troubled of what to do」

「I see」

「Rather than that, what does Senjukou need」

「It's nothing much～, it's only about the library. If it was like that I'll just come again」

I said that and went outside of the audience hall, and left the palace.

「Well then」

I stretched while taking a breath of the air outside.

「I'd do(kill) it huh」

I became to like this world.

I like this world where I am able to use magic, live freely and wilfully with Sylvia and Nadia.

I don't want this world's peace to be disturbed by a Demon King or whatever it is.

I decided the subjugation of the Demon King.

I choose the magic I used it.

「Character Search: Balthazar the 7th」

After I used the magic, a radar-like something emerged inside my head.

It's an image where I was in the middle, and there was a point in a place at a distance.

「There huh. Transform: Dragon」

I used the next magic, and transformed into a giant dragon.

I flew relying on the radar inside my head.

I flew with full speed.

After flying for an hour, I reached the place where the point was lighting.

It was a castle surrounded by poisonous swamps.

The sky was covered by lightning clouds, and lightning was falling without stop.

It was a place that really felt like the Demon King's Castle.

「Then it means, on the top floor right, the Demon King」

I flew and landed on the top floor while in dragon form.

「Who are you?!」

「Bingo huh」

That was a wide room, there was also a throne.

In the middle, a woman with heavy make-up was sitting.

It was a woman whose around 30 years old, there were horns that grew on her head, wearing a mantle and clothes that have a high exposure.

I returned to human from dragon. The woman was more and more surprised.

「Where is the Demon King?」

「A child? What did you come for」

「Can you not reply to a question with a question. Where is the Demon King? I asked」

「I do not know who you are, but. I am the Demon King」

「You?」

「O〜hohhohoho. That's right, I am the current Demon King, the one who inherit the blood of the Great Demon Lord, I am Balthazar the 7th」

「He〜, you were his descendant huh」

「His?」

The 7th scowled. Her face had a sudden change.

It was a very angry expression with her veins popping.

「That way of talking, deserves certain death」

The 7th swung her hand. She raised her hand after making it claw shaped.

That became a shockwave, and gouged the room's floor.

Five scars that were thicker than an adult's body, extended from the ground to the walls and ceiling.

「Kneel, take back what you said right now. If you do that, I will kill you with one breath」

「That way of talking, it's similar to Balthazar」

I have memories that I was also told like that at that time.

When I said that, the 7th was more and more pissed off.

「You arrogant!」

She reached out her hand and chanted.

An instance, my surroundings exploded.

It was an explosion that even shook the room. It was a Demon Lord-like, magic with high destruction powers.

It was magic powers that was even equal to Balthazar.

Well, I made a barrier with magic before that so I'm uninjured.

「Goodness, are you in the age with low temperance」

「What! Why are you uninjured」

「Rather than that, they said that you're plotting for world domination」

「Of course」

「That, can you stop?」

「Gibberish. Domination is my joy, my happiness is when humans suffer」

Wa∽, it's a cliche∽.

「I am Balthazar the 7th. I will dominate the world this time for sure, and return humans to their original domesticated appearance. My monster subordinates had already scattered throughout the world, invade with one of my command, and the world will fall within three days」

It looks like it's a situation that I can't be leisure.

「Haven't you release your command」

「I was thinking of waiting for the surrender reply, but I changed my mind. After I tear you into pieces, I'll drive in the world after」

「I see, then, it can't be helped」

If it ended with persuasion, that'd be good enough, but I decided to use force.

I gathered magic powers, and chanted one of the only few, magic that was completely for attacking.

「Meteoric Best Nine」

Breaking through lightning clouds, meteor fell.

Straight towards Balthazar the 7th, it fell.

「Na! this is」

「It's a magic that makes meteors fall nine times consecutively. Your ancestor, Balthazar had endured all nine of them, but what about you」

「W-Wait, sto 」

Changing her face colors, she tried to say something to me, but before that, the meteor that fell hit directly.

The meteor, continued to fall.

☆

「Mysterious meteor strikes hit the Demon King's Castle directly. Because of

that, the fate of the Demon King is unknown. But, seeing that the monsters around the country had calmed down……」

「The Demon King died, huh」

The next day, when I came to the audience hall, the King was talking again with the messenger.

Different from yesterday, their talk were not tense, but their expressions weren't bright.

「Continue to investigate the situation, be sure to not let your guards down」

「Ha!」

The messenger left. I approached the King.

「Ou-sama」

「Ohh, my Senjukou. What is it today」

「What about Ou-sama? It looks like a good thing happened today」

「Umu. We still can't let our guards down, but it seems like the threat of the Demon King would pass」

It already passed〜, I tried to say that but I stopped.

It’s because that coward of a Demon King that disappeared without trace after four shots doesn’t matter.

Rather than that, I wanted to finish what I originally wanted to do yesterday.

「Rather than that, Ou-sama, this」

「This is?」

「Grimoire……the copy of it, I duplicated it. It would be nice if you were able to read it with this」

Continuing after the anime, it was the second shot to make the King learn magic.

「Ohh, as expected of my Senjukou」

The King was moved.

He received the manga from me and started reading it.

He was able to read the manga, but it seems like he couldn’t use magic.

CHAPTER 40: RIDE ON WIFE

(Is it just me or is the title a bit weird? Oh well)

Nadia and I, the two of us entered the bath in the after noon.

I was on leisure since morning today, and I was invited by Nadia to enter the bath after lunch.

「Yoisho……yoisho」

Within the bath that was full of steam, Nadia was doing her best to scrub my back.

「Lucio-kun, is somewhere itchy?」

「It's okay, it's just enough with right now」

「I see～」

She said that, and washed me from my back, arms, and legs.

It was very satisfying, both of my heart and body were relaxed.

「Ahh, goodness! I'm splashed by water again!」

With that voice, **GaraGaraGara**, the door opened.

Cat-eared girl, Mami was there. Mami was drenched, and it seems like she came to the bath to warm her body.

「Mami-chan, yahho～」

「Nadi Kyaaaa」

The instant Mami saw me, she raised a scream, turned back and ran like a wild rabbit.

Well, if you see a naked man (but, 9-years-old), you would react like that.

「Mami-chan?」

「Leave her alone. Rather than that, are you okay with it?」

「With what?」

Nadia was surprised cluelessly.

「Looking at a naked body, aren't you embarrassed」

「We're a husband and wife so there's nothing embarrassing」

Nadia said that in a very good mood, and continued to scrub me.

It was a line that I heard somewhere, but it was more persuasive than that.

And just like that, I was scrubbed clean by Nadia, let her wash me, and we entered the bath tub together.

「Ah～, it feels good～」

「I agree」

「Soaking in the bathtub feels very good～」

**BataBata*, Nadia raised her legs off the water and fluttered them.

I rested my body to the object that was inside the bathtub.

The bath tub that had an object that was like those on hot springs looks really good, but it's a little small.

Sylvia would probably be fine with it, but I think it's too small for Nadia.

As expected, Nadia who couldn't settle down said something like this.

「If it was a little bigger I could swim though」

「Do you want to swim? Let's relax」

「You'd want to swim while relaxing you know? I think that swimming in a warm bath like this would feel really good」

「Hmm」

Somehow, I think I can get that.

The point is not in normal waters, but bath water.

「Yosh, let's swim」

「How?」

「『Small』」

Nadia and I, I casted magic to both of our bodies.

It was the magic I used during subjugation of cockroaches, and our body gradually became smaller.

「Move over here」

「Un!」

Before we got completely small, we went on the top of the object that I rested my body on.

And there, we became completely small.

「Amazing～, it's like an island on a lake」

Nadia said her comment. I also felt the same.

We who got smaller, were like we're on a floating island above a lake.

「Ahahaha, the lake is warm～」

「If it's like this you can swim right?」

「Un! Ei!」

Pasha～n, Nadia jumped in.

She romped swimming.

I sat down on the banks, got careful not to fall, and soaked my lower body within the bath water.

Suddenly, something flowed.

When I looked at it carefully, that was my hair.

The very thin hair, looked like a rope because of our size.

「Ah∽, that was fun. Lucio-kun, you won't swim?」

To the object Nadia who came up to the island asked that.

「No, I'm fine with relaxing just like this」

「I see∽, then, I'll also relax∽」

She said that, lowered her waist beside me, and sat with our shoulders lined up.

PashaPasha, while she fluttered her legs on the bath water, we relaxed.

After a while, I heard footsteps.

「Lucio-sama, the dinner is a-re?」

The door opened and Sylvia appeared.

「Ahaha, Sylvia's like a giant」

「That's true, she looks like that. Sylvia, I am 」

When I was in the middle of saying that, Nadia covered my mouth.

「Nadia?」

「It's fun, so just like this for a little bit」

I wonder what is fun.

On the other side, Sylvia felt strange that I was not in the bath.

「I wonder where did he go, Lucio-sama, and Nadia also. Although their clothes are here……」

KyoroKyoro, she looked around.

「If it's Lucio-sama, he should be okay though」

Sylvia said that and entered.

She placed her hand inside the bathtub, and it seems like she's removing the bath water.

「This……Lucio-sama's hair……?」

Sylvia's movements stopped. She was staring intently at the hair I saw earlier.

「Lucio-sama's hair……the bath water Lucio-sama used……」

Sylvia was mumbling something.

「B-Before I remove the bath water, maybe I should use it～」

Somehow, she feigned very clearly.

She went out once, after ruffling sounds could be heard, she returned.

In her naked look after she took off her clothes.

Her form was still an 8-year-old child's, but her size was a giant's.

It was an unbalance that was impossible normally.

「Ahahaha, Sylvie so funny～」

It looks like Nadia felt the same.

Sylvia entered the bath tub after washing her body.

She soaked up to her shoulders, and "Hau～……", she let out a sigh.

「It's like I was being embraced by Lucio-sama……Lucio-sama」

「She said」

Nadia poked me with her elbow. It's somehow embarrassing.

「It feels good……I know」

Sylvia floated.

She completely relaxed her body, and floated on the bath water as if to lay on her back.

Sylvia who was floating inside the bath tub, that appearance of hers looks very happy.

I wanted to continue seeing that, but.

「Yoisho, Yoisho」

Nadia approached Sylvia, and climbed her!

「Nadia?!」

「Eh? Nadia-chan?!」

「Yahho～」

To Sylvia who noticed, Nadia raised her hand and casually replied.

「W-Why?」

「I became small with Lucio-kun's magic, and we were having fun with the lake of bath water」

「Ehhhh? Then, Lucio-sama also?」

「I'm here」

「Awawa……」

Sylvia started panicking a little.

Looking at her not able to move decently because Nadia was on her, was so ridiculous and cute.

And that Nadia laid face down on top of Sylvia.

Just as if she laid on a beach to sunbathe.

「S.S. Sylvie huh, the ship's」

「S-Ships?」

「Lucio-kun should come too. Let's ride it together? S.S. Sylvie」

「Hmm」

I thought for a bit, and did that.

Because it seems really fun.

I rode on top of Sylvia, and laid on my back.

「It really feels good, this」

「I told you～」

When I looked diagonally while laying on my back, I met my eyes with Sylvia.

I smiled at her sweetly. Sylvia smiled back shyly.

With that, the three of us stopped moving.

Sylvia who floated on the bath tub, and dwarf Nadia and I who laid around on top of her.

Laid around, poked from time to time, and ask Sylvia for a splash of the bath water.

Until the bath water got cold, we spent our time there leisurely.

CHAPTER 41: NYANNYAN AND WANKO

Pasha～n.

I heard water sounds from outside the mansion.

I left the half-read Grimoire and stood up, I saw the drenched Mami from outside the window.

The cat-eared girl, from her ears to her tail, her clothes were also completely drenched.

「What happened……Mami-chan!」

「I got wet」

「That's bad, you should change」

Sylvia who ran towards Mami, pulled her hand and brought her inside the mansion.

I got curious, so I followed them.

The water drops on the floor made a trace.

When I came to Mami's room, I saw that Sylvia was very troubled in front of the wardrobe.

「What happened」

「Ah, Lucio-sama. Actually, Mami-chan had no clothes」

「None?」

「All of them are on laundry. Mami-chan and Coco-chan, they have many laundries, so」

Well, that should be true.

Coco and Mami is a being that has the same body.

Coco is a dog-eared girl, and Mami is a cat-eared girl.

The two of them are sharing the same body, they had the constitution that when they are poured with water, they would change to the other one.

Because of that, the two's laundries and twice Sylvia and Nadia's, and it looks like she's troubled with that right now.

「I will dry it very quickly, so please wait, Mami-chan」

「……」

「Ahh, no, I'll do something about it」

「Lucio-sama will?」

Sylvia who was going to run out of the room stopped to a halt and looked at me.

Mami also titled her head and looked at me.

Pachin, I snapped my finger and used magic.

「『Dress Up』」

It's one of the magic that I often use, the magic that changes clothes.

The light of the magic enveloped Mami's body, and changed her clothes.

「Waa, so cute!」

Sylvia's eyes shined.

The one I changed Mami to, was "Maid Clothes".

It was also different to the classic type maid clothes that Amanda wore, it was the type of clothes that are the so-called "Moe-type".

「Ahh, I was thinking of it before, but you and Coco looks good with these」

I looked at Mami wearing maid clothes, and “un”, I nodded.

A bishoujo with cat ears and tails, wearing cute maid clothes.

She’s a cat so her expression feels empty so that also makes it better.

Sylvia and I, both of us stared closely.

Mami frowned, and made an unpleasant look.

「I don’t like this, return it」

「No way, it’s such a waste」

「……if you’re not going to return it, I’ll go somewhere until my clothes dries」

Saying that, Mami was going to run away from the room.

I casted a new magic on her.

「『Anti-Tsundere』」

A ring of light appeared, and tied Mami’s body.

Mami was tied up and couldn’t move.

「Is it a magic for catching, Lucio-sama?」

「……yeah」

That’s only half correct.

It is a magic for catching, but it's something that a person who seriously hates it, they can untie it immediately.

Mami was struggling, but she couldn't untie it, so she made a sulking face towards me.

Hmph, it's useless even if you made a face like that.

「While we're at it, let's make her wear a lot of things」

「But……」

「『Dress Up』」

I casted magic without minding Sylvia.

Mami changed to gym clothes from maid clothes.

Cat ears with gym clothes.

「Waa, this is also cute. Lucio-sama, what kind of clothes are they?」

「They're gym clothes, have you not seen it before?」

「Yes」

「But, it looks great right?」

「Yes, very much!」

Sylvia emphasized making her small fists together.

「I wonder why, it looks very well and cute」

「There's also something like this……『Dress Up』」

This time, she changed to school swimsuit.

「This is also cute!」

「It's called the school swimsuit. 『Dress Up』」

「Waaa, waaa」

Sylvia got excited a level above.

「It's so cute!! What is this underwear, the chests are Nyanko-chan」

「This is 」

「Nyaaaaaa!」

In the middle of the explanation, Mami got free from the magic and ran away.

Her embarrassment exceeded its limits, it looks like she really didn't like it anymore.

It's only up to this huh, if she really doesn't like it, it isn't good to force her.

When I thought of that.

**Pasha∽n*.*

As soon as she jumped out of the room, Mami was poured with water.

She bumped with Nadia who had a cup with her and got poured with water.

And there, to Coco she changed to the dog-eared girl.

「I'm sorry∽, I bumped」

「It's okay, rather than that, go change」

「Un!」

Nadia who had her change of clothes, returned to her room to change.

Sylvia approached Coco, took her by pulling her hand.

「Master, please go on」

Sylvia who said that, had an unusual mischievous light in her eyes.

I understood what she wanted.

「『Anti-Tsundere』『Dress Up』」

With the same kind of happenings with Mami, I casted magic.

The ring of light restrained Coco's body, and soon after, she became a dog-eared maid.

「Ka-wa-i-i!!」

Sylvia got very excited. I know that feeling.

On the other side, Coco looked at her own appearance.

「!」

She got free from the magic, and ran while raising a scream that did not have a voice.

「Arara」

「I-I wonder what happened」

「She really didn't like it huh. She's like that compared to Mami……but well, people has their own preferences」

It looks like Coco didn't have the resistance of being a doll for changing.

「I see, that's too bad」

Sylvia really felt of it as a shame.

And started wiping the water on the floor.

And there, Coco returned.

Hiding behind the door, she looked at us shyly.

「Coco?」

When I was thinking of it as strange, Coco had found more of her courage, and entered the room.

And, she stood in front of Sylvia and I.

「Please go on desu～」

She closed her eyes, and seemingly said with resolution.

「Un?」

「What Master wants to do……please go on desu～」

Her appearance of trembling with shyness while checking me was very cute.

Mami-neko who made a face that she didn't like it, but stayed until she really reached her limit.

Coco-inu who doesn't like it from the bottom of her heart, but returned and endured for her owner.

They had their own characteristics, so it was interesting.

「Ne～ne～, Lucio-sama, what do you think would suit Coco-chan?」

「Let me think」

To return something for Coco's gallant, after that, Sylvia and I, played by making Coco wear many kinds of clothes.

CHAPTER 42: POPULARITY TWO RANKS UP

This day, Nadia and I, the two of us are having a date alone.

Nadia and I, both of us are in our grown-up appearance with 「Fake Growth」 magic.

She asked me, “Let’s date with grown-up appearance”, so it became like this.

By the way, my arm is linked with Nadia right now.

The Nadia who had grown up had quite large breasts, and linking arms makes me feel its softness.

「Lucio-kun, Lucio-kun, I wonder what that is」

What Nadia pointed to was a stall that was dealing with food.

「Skewering fruits with a stick……is coated with something?」

「Let’s go okay」

「Yeah」

Nodding, Nadia and I went to the stall.

「Welcome!」

「Ne～ne～, Oji-san, what is this? Are you coating something to the fruit?」

「This is a syrup from melting sugar. Sprinkling it like this, and make it cold with magic then there」

The person of the store said that, puts syrup on the fruit that was skewered, and literally made it cold with magic.

And with that, there was a solid, crunchy syrup coating the surface of the fruit.

The one he did it to was a banana-like fruit.

「How about one?」

「Un! Lucio-kun, okay?」

「Of course」

I took out some coins, and paid for one's amount. I gave the fruit skewer that I received to Nadia.

Nadia bites on that, **Parri**, a clear crunchy sound could even be heard at my side.

「Ahaha, this is amazing⁓, the outside was like **Parri**, and the inside was soft like **FunyaFunya**⁓」

「He⁓」

「Lucio-kun, how about a bite?」

「n」

I bit off where Nadia ate.

As she had said, it was crunchy outside and soft on the inside. In addition, it's cold outside and warm inside.

Seared Sashimi? it was a strange feeling like eating the opposite version of that.

But.

「It's delicious right」

「Yeah, it's yummy, You also want to try it with this fruit?

「If we share, then okay」

「Okay～. Oji-san, give me one of this」

I paid money again, and received the skewered tomato-like one that has been coated this time.

That was which it was like a skewered dango, Nadia ate one first, and then I also ate one.

「Ahahaha, it's hard outside and *Pushu* inside」

「It feels like its peel was only a little crunchy」

It was an interesting texture, it's not only interesting, but also delicious.

「Are you guys lovers? You two are getting along well」

「We're not lovers, we're husband and wife～」

「He～, you're already married in your age huh」

「We got married when we were 8」

「Ohh, then, your marriage history is more than mine huh」

The store's Oji-san said that while laughing.

With how we look, because we married at 8-years-old, he probably thought that our marriage history is more than ten years.

「You're probably worried everyday right, a bride that cute, aren't you worried she's popular?」

「It's okay, I'm only thinking of Lucio-kun」

「Ohh how passionate」

「And, Lucio-kun is more, more amazing than me, he's always popular, so I'm the one who is worried」

Nadia said that happily with a smile.

「Ohhh, that's, gochisousama」

We said goodbye to the very fun store person and started walking.

Our arms are still linked.

「Ah! Lucio-kun, can you wait here for a minute?」

「Un? What happened」

When I asked back, I saw that Nadia was blusing and she was fidgeting.

After asking, I regretted it a little. Probably, it's the bathroom or something.

「Okay, I'll wait. Be careful」

That's why, I did not say more than that, and saw her off.

Nadia nodded while being embarrassed, and left with a jog.

I waited there for a while.

「Uhm……」

I was called out from the side.

When I looked, I was called out by an Ojou-sama-ish girl that dresses nice.

The girl who was about a high-school girl shyly looked up to me, and asked.

「Y-You're Lucio-sama right」

「Un? Yes, I am」

I was a little surprised. Does she know my appearance when I have grown up with「Fake Growth」.

「My name is Anastasia. We met in His Majesty, the King's party the other day……」

「Ahh」

I nodded, and got convinced.

Well, it's true that most of the people who knows my grown-up appearance is the ones in that party.

I tried to remember that time, but I can't really remember about Anastasia who is in front of me.

「I-I'm sorry. It's a lie that we met. I was only looking from far away」

「I see」

Then, it can't be helped that I can't remember.

「Uhm!」

「W-What is it」

She approached with a very strong expression. To that much that I flinched.

「C-Can you! Shake hands with me?」

「Shake hands?」

「Yes!」

I looked at my own hand, and then reached it out to Anastasia.

Anastasia gripped it with both of her hands. If I was leaving my guard down, it was strong enough to feel pain.

「Thank you very much! From now on, I will continue on looking over Lucio-sama from afar!」

「I see」

「Really, thank you very much! Please excuse me」

The Ojou-sama, Anastasia, bowed by 90 degrees, bowed her head many times, and left this place.

I stared at her intently.

「『Fairy Whisper』 if you are interested in magic, you can always come to play at the library」

I casted magic, and sent her words.

It is a magic that sends a whispering voice to a person far away.

Anastasia stopped, **Biku**, and looked towards me sheepishly.

When I smiled at her, she bowed her head with a wide smile, and really left this time.

I became alone, and waited for Nadia.

……she's late.

She is really taking too long, so I searched for Nadia.

After searching for a while, I saw Nadia.

「It's alright, let's go play. Aren't you thinking of me as a bumpkin noble? Even though I look like this, I'm really super familiar with the city」

「H-Ha⌒」

Nadia was being picked up.

But, rarely for her, she was troubled with that.

Well, that should be the case, the person who was picking up Nadia was.

「……what are you doing, Nii-san」

I approached, and spoke to him.

The one who was picking up Nadia was Isaac.

「Haa? Who are you」

「……」

I got too appalled, and lifted the magic.

In an instance, both Nadia and I returned to our original appearance……we returned to the appearance of an 8-year-old child.

「Lucio! and, Nadia huh!」

「It's been awhile, Onii-san」

「I-It was you huh……」

「Nii-san, I think that it's too much, picking up your brother's bride」

「S-Shut up!」

Isaac got angry instead, he said that and left.

When I just thought that he left really angry, but he then saw a different girl, made a face for pick up and then called out to the girl.

「Ah! He got refused」

Nadia whispered.

「With that way of calling out, that's impossible」

「Then how do you call out then?」

「How, you ask?」

「You said it like you know how to call out girls right? Let me see how you do it, Lucio-kun」

「Oi oi, we're in the middle of our date」

「U∽n, but I want to see Lucio-kun's cool side」

That has a higher priority huh.

Well, if she's saying that she wants to see, then it can't be helped, "then, how should I do it", when I was thinking of that.

「Uhm! Excuse me!」

「You're Duke-sama right!」

Before I called out, I was called out instead.

The ones who called out was as I've thought, an Ojou-sama-ish, this time two girls that have a similar face as if they were sisters.

「Ahh, that's right. Did we met in the party before?」

「Yes! I was looking from far away all of the time!」

「I have always thought that I should greet Duke-sama once」

The sisters were really very excited, and got very honest.

And Nadia who was looking at us from the side made a very convinced face.

「I see, Lucio-kun is already at the level that even if he's not saying anything, he would get called out instead」

She said something like that.

Ojou-sama(お嬢様) = (noble)/lady

(These are one of those moments when you scream something like "EXPLODE RIAJUU!!!" But I'll pass. Though you are free to do so, lol)

CHAPTER 43: THE STRONGEST SANDBOX GAME

In this day, it was warm from the morning, so I was bathing in the sun.

Since it was a waste to stay inside the house, so with Nadia's suggestion, the three of us went out for a walk.

From the left, Sylvia, me, Nadia.

Aligned like that, we held our hands while walking.

Looking from the side, it probably looks like three very close childhood friends, wherever we went to, the grown-ups were looking at us with pleasant eyes.

「Lucio-kun, Lucio-kun, look at that」

「Un? The children that are playing in that sandbox?」

When I looked towards the direction where Nadia was pointing to, there was a park, and one boy was playing inside the sandbox.

「He is amazing……it is like a real castle」

Sylvia was amazed. I know how that feels. The sand castle made by the boy who was playing with sand had a very high quality.

「It's true, it really looks like the real thing」

「It really looks like someone is living on it」 「It even looks like it might move anytime」

The two said their impression at the same time, both of them had an impression that was like each one of them.

「Playing with sand huh……」

I thought for a while.

「Lucio-kun, do you want to play with sand?」

「Come to think about it, we have never done it before, playing sand with Lucio-sama」

The two said, and stared at me at the same time.

It's true that we have never done it, so since we're at it.

「Playing sand with one rank up, let's do it huh」

The two cluelessly tilted their head.

☆

We returned to the mansion's garden.

I made the two wait behind, and I casted the new magic I learned there.

「『Sand Box』」

The light of the magic enveloped the garden, and that changed into a gigantic sandbox.

In the middle of the sandbox, there was two scoops, red and blue, they were sticking vertically.

In a place nearby, there was also a watering place.

「Amazing, the garden changed to a sandbox in an instant」

「Is that magic that makes sandboxes, Lucio-sama」

「That's half correct. There's a scoop there right? Sylvia and Nadia, use that to make something」

The two looked at each other, and nodded at the same time.

They took the scoop, and each of them started to make something.

I watched them. I already casted the magic, the thing that I have to do is over.

Sylvia made a house. Nadia made a little strange four-legged animal.

And the instant that they were made, the sand box shined.

The light enveloped each of the things that the two made, and finally, it became real.

The miniature size house that Sylvia made had its window turn into glass and the doors could be closed and opened, and the four-legged animal that Nadia made, released a kick using its back leg and *Hihi〜n*, it cried.

「Wa! T-This is」

「Amazing〜, is it magic that makes the thing created real?」

The two looked at me, I nodded.

「That's how it is. Using that scoop, all that is created inside this sandbox would all become real」

「Then……something like this too……?」

Sylvia said that, and a horse with wings she made a Pegasus.

The white horse with white wings was flying very well even though its miniature size.

And there, *Do∽n*, an explosive sound was released.

Nadia made a cannon while that happened. The cannon spew fire, and shots down the Pegasus with its bombardment.

「Wow, even weapons can be created」

「Nadia-chan, that was cruel right now」

I think so too.

「Attacks should be done after some preparations are finished」

Un?

「Sorry, sorry, I didn't think that even cannon shells would come out」

「Then」

「Un, let's do it」

Sylvia and Nadia, the two nodded to each other and took a distance.

It's starting to have a weird flow, and when I thought of what they were going to do, the two made things with a great momentum.

Castle, city walls, and the soldiers and equipment that protects that.

Without an hour passing, the garden became a small battlefield.

Sylvia's army protects Sylvia's territory, and they were at a confrontation

with Nadia's army.

「Then」

「Un」

The two nodded at each other with almost only eye contact.

The start of the war had fallen.

The humans led by the general riding a pegasus was Sylvia's army, and the monster army led by a dragon knight was Nadia's army.

Both armies in the middle of the garden, in most probably the country borders, they collided.

The one winning the first stage of the war Nadia's army was dominating.

The monsters overwhelm the humans, and the fronts had gradually pushed towards Sylvia's territory.

「If it goes like this, I'm going to win, Sylvie」

「Uu……not yet, I'm going to make something that could win right now」

Sylvia turned her back, and started making something.

「Fufun, before that, I will push over with numbers though」

On the other side, Nadia took the scoop, and mass produced the monsters further.

It's good that they're having fun.

I watched the two while relaxing.

Nadia sends monsters one next to the other, and with that, the fronts were pushed with acceleration, and it immediately closed in, in front of Sylvia's castle.

「What happened, Sylvie? If it goes like this, the castle will fall you know?」

「Just a little……a little bit longer……I did it!」

Sylvia looked towards Nadia, and she moved toward the side and gave way.

「W-What is that. A golem?!」

「This is the thing called 『Robotto』 that Lucio-sama taught me before」

「Robotto?」

「That's right, Robotto. Robotto is the strongest, Lucio-sama had said」

「Mumumu」

No, the thing that I told before is being bent. It's true that I told something similar.

Anyways, the 『Robotto』 Sylvia made moved, and started to attack the monsters.

The 『Robotto』 that suddenly joined the war between humans and monsters, that really showed an overwhelming strength.

The monsters, it tore and threw them away, it tore and threw them away. It really showed the strength that was worth of the strongest.

「This is bad, I need to create more monsters」

「I will also, I will make simple 『Robotto』 s」

The two produced military forces in the sandbox furthermore.

Sylvia made simpler versions of 『Robotto』 one next to the other, and Nadia mass produced monsters at an amazing pace.

『Robotto』 vs Monsters.

The fronts, were gradually being pushed back. Sylvia was dominating.

「This isn't good like this, I need to think of a way for an upset win」

「It is useless, Nadia-chan.」 『Robotto』 is the strongest that Lucio-sama had taught me」

Sylvia, she unusually said with full confidence.

The things that 『Sand Box』 can create, relies greatly on the image that the creator has.

The reason why the 『Robotto』 was the strong, was because Sylvia was thinking of it as the strongest.

「Ku!……I should've let Lucio-kun teach me that as well……Ah!」

「Eh?」

「There was. There was one, I know, the real strongest that Lucio-kun taught me」

「W-What⌒」

Sylvia who was dominating changed her expression. It looks like she had felt danger from Nadia's lines.

「Fufun, I'm going to make that right now, so just wait and see, Sylvie」

「Uu. If it comes to this, I will just push over by mass producing『Robotto』」

The two created things from the sand furthermore.

The simpler type of『Robotto』was continuously mass-produced, and sent to the frontlines.

On the other hand, Nadia was making something slowly. The way her hands moved were clearly different from up until now.

Her hand movements were as if to touch something she cherishes and loves.

Come to think of it, what was the strongest I taught Nadia?

When I was being curious of that……that was complete.

「That's cheating!」

「Fufun」

Sylvia raised a scream, Nadia got proud of it.

I……laughed wryly.

What Nadia made was, it was a miniature size me.

「Please go on, Lucio-kun」

The miniature size me nodded, reached out his hand, and used magic.

All of the mass produced『Robotto』were destroyed at once.

Sylvia's castle was also half destroyed by that attack.

The contest, it was decided in an instant.

「That is cheating, there is no way to win if Lucio-sama is made」

「There's no rule～」

「Uuu, I will also make Lucio-sama too」

「I'll also mass produce Lucio-kun then」

Stop it.

I thought of stopping them, but the two, even with this and that, they were having fun, so I let them do what they want.

「Go, Lucio-kun」

「Please, Mecha-Lucio-sama!」

……the two were really having fun.

CHAPTER 44: THE MANGA DUPLICATED, WHAT DO YOU DO?

I was on the Grimoire Library from the morning today.

As the library's administrator, I have no work to do usually. I just come here, and read manga all day.

「Un?」

「What is it Papa?」

「Stop it with the "Papa"」

Chris who calls me Papa.

She's a half transparent spirit of the Grimoire that floats in the air, and it looks like she materializes proportionally to the Grimoires I read.

In that meaning, she's an existence I "gave birth", I who looks 8-years-old, and she's a beautiful girl that's about a high school girl.

I think it looks weird for me to be called Papa.

……well, right now, only my wives can see her, so it doesn't matter how it looks though.

「Rather than that, this」

「Is this a Grimoire? What's with this?」

「This, it's a duplicate」

「A duplicate?」

「Yeah」

I nodded.

The Grimoire that I showed Chris, is a story about the rising of the main character who warped into a different world, got very unrivaled with his dual-wielded demon swords, and while making a harem, saves the world in the end.

Just like it's about teleporting into a different world like me, it had a very strong impression that I already read it.

「If I'm correct……is it here?」

I stood up, and moved to one of the bookshelves.

I took out the book I was searching for, and returned with it.

I spread the two volumes of Manga, and compared them.

I skimmed them, and checked until the end.

「It's the same after all」

「That's true, it's completely the same」

「I see, they were duplicated huh」

I closed the book, and compared the two.

The duplication of manga, if it's the world I was before, I only need to take care of the other one, but what should I do here.

「Ne∽, ne∽, Papa」

「What is it」

「This one, isn't it also the same?」

「What did you say」

I went towards where Chris was, and took out the book that she was staring at.

「It's really the same」

「I wonder if there's also other ones」

Chris said that and flew around the library.

Looking at the three duplications, I thought.

「Now that I think about it, it's the first time that there's a duplication huh. I didn't buy the same thing at the time with Ojii-san after all」

And I thought of what I should do, and somehow, I placed two out of the three volumes on top of each other.

And then, the Grimoires shined.

It was put together, shined, melted and fused.

After a while, it became only one book.

「Papa! Did something happen?」

「The Grimoire fused together」

「Eh?」

Chris didn't understand what happened, I also didn't know what happened although I said that.

I took the Grimoires that fused, and opened it.

The contents of the manga had completely changed.

The Grimoire that had the heroine character, changed into a great adventure with the lightning magician mainly.

「……spin-off?」

I couldn't help but have that impression.

It felt like reading the spin-off of a popular manga.

It's a pattern that happened for the first time since I came to this world, so I interestingly read it.

After reading until the end, I closed the Grimoire.

「Have you read it?」

「Yeah」

「Did you remember a new magic?」

「Let me think……」

Up until now, I tried to use the magic from the Grimoire that I read.

And then, the Grimoire that fused shined.

I let go of it in a hurry. The Grimoire that shined floated in the air, and a girl came out of that.

Honestly, it was a completely black silhouette.

It's a black silhouette, and it couldn't be a human at all.

The reason why I knew it was a girl, was because she was wearing the same magician clothes inside the manga.

「What is this, what are you?」

「……」

The girl didn't answer.

Instead of that, she raised her magic staff, and chanted magic.

「Don’t tell me!」

In the next instant, lightning fell from the sky.

I guarded with magic.

「Without any warning huh」

「……」

The girl magician resumed to chant without saying anything.

「It can’t be helped」

I also entered a battle stance.

☆

In the library that was half destroyed, *Shu*, the shadow disappeared.

「P-Papa, is it already okay?」

Chris asked while hiding. During the fight, Chris hided all of the time.

「It’s okay now」

「Thank goodness……even so, isn’t this amazing」

「It’s almost as strong in the novel」

「Really?」

「Yeah. And 」

I used magic.

The magic that I learned from defeating the girl magician.

There was thunder in the sky, and lightning fell.

Lightning fell consecutively.

「This, is it the magic used earlier?」

「Yeah」

「Amazing～」

What I learned after defeating the shadow magician, was the magic it used.

Thank goodness it was her that came out. If the main character before the spin-off came out……one of us would’ve died.

Even so, what was that right now.

「Ne～, Papa」

「Un?」

I turned back, and looked at Chris.

Chris was looking at the ground.

After the fight, the Grimoires were scattered, but there was the same thing that was there.

It’s another duplication.

「……」

I approached that without saying anything, and put the Grimoires together.

And then, it fused, and became one Grimoire.

The new Grimoire, was a picture book-like about a story where a puppy wearing a scarf was riding in a flying orange box,

What came out after reading it, was the shadow of a cute puppy wearing a scarf.

I felt a little guilty, I softly defeated it and learned a new magic.

It looks like, I can remember new magic with the duplicated Grimoires.

CHAPTER 45: ○○'S DAY

「Please help me, Lucio-sama!」

When I was reading manga, Sylvia came out to my place with the usual line.

She had whipped cream on her nose while wearing an apron, and for some reason, one part of her hair was curly.

「『Asian Beauty』」

While casting magic to fix her hair, I wiped off the whipped cream with my finger.

And asked.

「What is it, Sylvia, what happened」

「Actually, I was making a cake……but I could not do it well, and failed a few times……」

「Cake?」

That's why she had a whipped cream on her, and her hair was curly huh.

「Why something like a cake?」

「Today's Ojii-chan's day」

「Ojii-chan's day?」

「Yes. It is the day to say thanks to all Ojii-chans in the world」

「Something like a respect for the aged day huh」

「And then, we were taken care of Lucio-sama's Ojii-sama, so we want to

give him cake as a present, and Nadia and I were doing our best, but…… 」

「 It's continuous failures, huh 」

Sylvia nodded. She had an apologetic face.

「 I got the story, if it's like that, then I'll help you 」

「 Thank you very much, Lucio-sama! 」

I went to the kitchen with Sylvia.

In there, Nadia who had an explosion head more than the curliness of Sylvia's were at a loss.

It's worse than her usual afro hair from sleeping, I wonder what happened.

While fixing it with the same magic, I approached.

「 Lucio-kun 」

「 I heard the story. You want to make home-made cake or treats right 」

「 Un! Is there a good magic for it? 」

「 Yeah 」

I nodded, there's a magic perfect for this kind of times that I searched inside my head while going here.

「 Let's go with home-made chocolate. Sylvia, is there chocolate? It would be great if it's normal chocolate, ones that don't have extra flavors 」

「 Is chocolate bar okay 」

「 It's perfect 」

I gave several commands to Sylvia, and melted the chocolate she took out with a water bath.

「We only need to wait for it to get hard」

「Eh?! We are only melting it then making it hard?」

「Is that a home-made chocolate?」

「Well, just look 『Moulding Hand』」

I casted magic to both Sylvia and Nadia.

Their hands shined with a golden color.

And there, I poured the chocolate that I melted right now.

「Wawa!」

「A-re, it is not hot」

「Both of you, imagine inside your hearts. Just like making something with clay」

「With clay?」

「U∽n, is it like this」

The two honestly, started to imagine just like they were told.

「Wa! My hands, my hands」

「They are moving on their own!」

The two got surprised, the golden hands moved automatically.

The thick chocolate, was being shaped just like clay as I've explained.

When the chocolate got cold and hard, it was created there very well.

「Ah! It was really done」

「Amazing⌒」

Sylvia got surprised, and Nadia horsed around.

「Oi oi」

I got dumbfounded by the two.

The thing that the two made was me.

What Nadia made was two heads high, it's a very cute me just like the so-called Nendoroid.

What Sylvia made was the real size me, it's the very cool me taking some kind of pose.

The two looked at each other's chocolate me they made.

「Nadia-chan that's cheating, to make such a cute Lucio-sama」

「Isn't it Sylvie who's cheating? Lucio-kun that cool, I'd like to have it forever without eating it」

They argued about something I really don't get.

「Yes yes, that's alright already. Rather than that, did you understand the magic?

I clapped my hands, and stopped the two.

「Ah……!」

「Un, I got it」

「Then, I'll cast it once more. This time, not like this, make something as the present for Ojii-san」

The two looked at each other, "Un!", nodded with a great smile.

☆

In the palace, in the audience hall.

「Hello, Ou-sama」

I stood in front of the King with child-mode tone.

「Ohh Senjukou, it is good that you come. So, what is it for today?」

「E〜to, ne, I heard that today's Ojii-chan's day. So I let my wives make a present」

「Ohh?!」

「This, please take it」

I opened the box I brought, and gave it to the King.

There's chocolate inside the box. It's a flat chocolate shaped like a medal.

There's Sylvia, Nadia, and my face deformed in the chocolate.

I let them make one set of the exactly the same thing as the one that's given to Ojii-san, and gave it to the King.

「Ohh, ohhhhhh」

The King received the box, *PuruPuru*, got moved that he trembled.

「This loveliness, this braveness」

The King took the chocolate with my face, and said.

I don't think that both of those are quite compatible, but it looks like it's like that inside the King.

「Did you like it」

「Of course!」

「Thank goodness」

「I'll immediately designate it as the national treasure, and let it be stored permanently!」

「Eh⁓, wait, wait. That's only a chocolate, there will be mold if you do that」

「Mu!」

「And, there's Ojii-chan's day every year, so I'll make it again next year. It would be nice if you eat that」

「Is that so. I got it, I will eat it without reserves then. Is anyone there」

「Yes」

One minister-ish person came inside.

「I will eat this tonight. Prepare the liquor that best fits with chocolate」

「If it is chocolate, the 300 years old purple liquor should go with it the best」

「Umu, prepare that then」

「I have understood」

The minister-ish person left the room.

300 years old liquor……isn't it too exaggerating?

But well……it's the King, that much is okay huh.

It looks like he was very glad for it after all.

「I thank you, my Senjukou. I know, I need to give some kind of thanks to Senjukou」

「Eh? That's okay, it's normal to give presents on Ojii-chan's day」

「Muu, but I won't get……I know」

Pon, the King hit his hand.

I have a bad feeling.

「Is anyone there」

「Yes」

The minister-ish person earlier came inside.

「Dear Senjukou, when is your birthday?」

「Eh? Uhmm, it's……」

I told my birthday.

I see, he's going to give me a birthday present as a give back huh.

I feel like it's going to be a tremendous give back present, but, well, that's okay huh.

「Did you hear the date?」

「Yes」

The minister-ish person bowed his head.

「I will make that day a day of celebration. Its name is Senjukou's day」

「Eh?」

「Do it immediately, notify the whole country」

「I have understood」

The minister-ish person said that and left.

The King lounged back very pleased and satisfied, and looked at the chocolate.

It's a too unexpected giveback present.

CHAPTER 46: SIGNED BOOK

Today, I'm reading Manga in the library with the King from the morning.

It became around noon, and a visitor unusually came.

The visitor was a young girl that's about a high school girl, having braided hair and wears glasses, it's a girl that was really like a literature girl.

「Uhmm! Is S-Senjukou-sama here」

「I'm Senjukou‿」

「I am! Tania Agason」

「Tania-san huh. Uhm, do you need something」

I asked with child-mode.

After Tania stared at me for a while, she took out one Grimoire, and bowed her head very quickly.

「Please give me a sign!」

「……eh?」

I didn't understand what I was told for an instant.

Sign, you mean that sign?

「Uhm, what do you mean」

「I am, Senjukou-sama's fan for a very long time!」

「I'm Senjukou's fan longer 」

The King who heard the commotion came out from the back.

The conversation's going to get messy so I pushed him back.

I returned, and faced Tania.

「My sign?」

「Yes! And, I thought that Senjukou-sama would sign this Grimoire」

「Sign huh〜」

I got a little troubled.

I'd never done a sign before, what should I write.

Write my name normally……is that good.

「Uhm! Everybody's saying!」

When I was hesitating, Tania continued to say.

「Saying, what?」

「If Senjukou-sama signs the Grimoire, they said that they would be able to read the Grimoire with the blessings」

「Blessings, you say」

Oi oi, there's a rumor like that.

「That's why please!」

Tania bowed her head quickly again, and reached out the Grimoire that she

brought.

She was very desperate, and it feels like she would cry if I refuse.

I couldn't help it so I signed I didn't have something like a sign, but for the meantime, I opened the last page of the Grimoire and wrote my name sign-ish.

「Thank you very much! I will take care of it for the rest of my life!」

Tania said that, and left while hugging the Grimoire very cherishingly.

「I'm at a loss〜」

Sending her off, I returned to the back of the library.

The King was looking at me while holding a Grimoire.

「I'm sorry」

I did a pre-emptive attack.

「I won't sign for Ou-sama」

「Why!」

As if a lightning fell at his background, the King exaggeratingly got surprised.

「Because, if I sign something like Ou-sama's Grimoire, you're going to brag it to everybody right」

I think that that would absolutely happen thinking of until now. I can clearly imagine the King's appearance saying "It's my Senjukou's sign, aren't you jealous".

I'm already so embarrassed to death, so if that was done, my embarrassment would exceed the limits.

「I will not do that!」

The King emphasized.

It's a face that says he wouldn't do it seriously, it's a little unexpected.

「Ah! You won't do it」

「Of course! The Grimoire that my Senjukou signed, I will designate it as a national treasure and take care of it very well!」

「That's more embarrassing!」

As I've thought, I won't do something like a sign, I thought that it would be the worst if I did.

「You will really not do it for me」

「No」

I said just a little strongly. It's too embarrassing being designated as a national treasure after all.

「Mu! My Senjukou is too petty」

Don't say petty.

After the King murmured for a while, he gave up and returned to reading Grimoires.

I also continued to read Grimoires together.

Inside the library, the time flows slowly as usual.

「Senjukou-sama!」

「Un?」

I heard a voice from the entrance of the library.

It's a voice I heard before, it's Tania's voice.

When I go outside wondering what it's about, there was Tania hugging a Grimoire with sparkling eyes.

It wasn't normal sparkling eyes, it was "super" sparkling eyes.

「What happened? Tania-san」

「Thank you very much! Senjukou-sama」

「Thank you?」

「Yes! Thanks to Senjukou-sama, I was able to read the Grimoire」

「Eh?」

「『Fire Ball』」

Tania raised one hand, and shot magic towards outside of the library.

The ball of fire flew, and disappeared in the skies.

「Oh〜」

「It's thanks to Senjukou-sama's sign! Really, thank you very much!」

「No, that's probably a coincidence……」

「Really, thank you very much! This Grimoire, I'll take care of it for the rest of my life! Well then!」

Tania said that, and left very quickly.

She came like the wind, and left like the wind.

I mean……don't tell me, it's a coincidence right.

「My Senjukou」

「*Giku*」

My name was called, and I turned back very carefully.

There was the appearance of the King holding a Grimoire, and had sparkling eyes more than Tania.

「Please give me a sign too」

「Uu……」

I couldn't refuse after all. I signed the Grimoire that the King took out.

「I did it, I received a sign from my Senjukou!」

The King said that, and jumped out of the library with momentum not inferior to Tania.

……oi oi.

By the way, as I've thought, the sign was a coincidence. Just because I signed it, the King wasn't able to read that.

……although, the signed book was properly designated as a national treasure.

CHAPTER 47: THE BEST MAN, AND THE BEST WOMEN

「『Dress Up』」

Inside the room, I casted magic that changes clothes to both Sylvia and Nadia.

I casted magic to both of them at the same time, with contrasting the set.

「How does it look, Lucio-sama」

Sylvia asked.

Wearing a dress while still in her child appearance, she looked like she's going out for some kind of a recital.

That Sylvia was wearing a pink colored dress, and Nadia beside her is wearing a light blue colored dress.

「I think that it looks good」

「I think that a little more mature is better」

Nadia said while looking down at herself.

「Hmm, well that's true」

I looked at the ring that is worn in the two's ring finger, and thought of that.

The proof of my wife, the wedding ring.

It's a ring that I made properly with magic, so it might be a little strange if it's child-like.

「『Dress Up』」

I casted magic to the two again. The light enveloped the two, and changed into a new dress.

This time, it was a dress that has a relatively mature design. The colors are Sylvia with red and Nadia with black.

「What do you think, Lucio-sama?」

「I think that it looks very well」

「This one looks more grown-up would be better」

「I see」

With Nadia's opinion, this time I casted magic that makes it to a more grown-up one, and adjusted their appearance.

Just like that, we had a fitting session.

☆

Today's a big event once every year, it's the day called Hero Thanksgiving Festival.

Different from the Ojii-chan's Day recently, or the Senjukou's Day that the King forcefully made, it comes from the birthday of the hero that created this country, the First King.

It's a very big event that the whole country celebrates, and it's the day when there's a ceremony in the Royal Capital La Linea and celebrate a festival.

And there, I was demanded to come to the public as a Duke.

Since I'm going to bring them with me, I'm making Sylvia and Nadia look very beautiful.

And the result of that, even though Sylvia and Nadia is in their child appearance, they looked looked like a noble woman that even I would be captivated.

☆

With the two, I appeared in the ceremonial place.

There're grown-ups every where.

Compared to the party that the King opened to brag about me before, the scale and the ones that had come, was on a somewhat few higher rank.

「Lucio-sama……」

「Lucio-kun」

Sylvia and Nadia called me at the same time.

Their faces that are looking up to me looks worried.

「Be proud, Sylvia, Nadia」

I held the two's hands, and whispered to them.

「I brought you two here, why do you think so?」

The two thought strangely. They had the face that they don't know.

「There's an Oji-san living near the mansion right, he had a very huge dog. That Oji-san, when he's taking the dog for a walk, you don't only see the dog strong but also that Oji-san with it right? It's the same with that. If the

beautiful Sylvia and Nadia are with me, the more that I would look cool」

The two got surprised.

「That's why, please be beautiful」

「　yes!」

「Leave it to me!」

The two nodded, stood on my sides, and walked together.

The two had a face full of confidence.

Un, they're beautiful.

Taking that two with me, it gathered eyes of envy around us.

「Lucio」

In front of us, Ruby came.

This country's princess that I met after a long time.

She's wearing a gorgeous dress, and was gathering attention after all.

「Hey, you returned here huh」

「Let's meet at the capital, we had that promise right?」

She glared at me with sulky eyes. It's true that I probably got told that.

「Come to think about it」

「For a while, I am in the mansion in the capital」

「I see」

I said that.

The conversation had discontinued.

Ruby made a more and more sulky eyes looking at me　what happened?

「Ohime-sama, do you want to play this time? Together with Lucio-sama」

Sylvia said from my side.

「Lucio-sama and us, do not know Ohime-sama's mansion after all」

When Sylvia said that, Ruby got in a good mood.

「It cannot be helped if you say that much, I will specially invite you. Lucio too, are you fine with that」

「Y-Yeah」

「Thank you very much」

Sylvia said thanks.

After that, we separated from Ruby, and talked to many people.

Sylvia and Nadia, talked to many people better than me.

Even they're small, it's like they're a noble wife.

Because the two gathered attention, that attention turns around and became in the shape of admiration to me.

A man that has two good women in his side is a great man for sure, with that logic.

「Hime-sama」

Suddenly, one man entered, and whispered something to Ruby.

Ruby who was hearing that changed her face colors, and left the ceremony hall together with that man.

「Sylvia, Nadia. I'll leave for a bit」

I said that to the two, and went after Ruby.

I went outside, and I heard Ruby's voice from the shadows, so I went there.

「And, how much is their scale」

「That is……and it is at least for two days……」

「What in the world……」

「Scale of what?」

I approached, and called out.

「Lucio!」

Ruby got surprised.

「What happened? You have a very bad complexion you know」

「I-It's nothing」

「Oi, you there」

「Y-Yes!」

The man made a very stiff pose.

He's nervous being called by a Duke like me.

「What happened」

「T-That is……」

The man looked at Ruby. It felt like he was in a pinch.

「I can make you talk using magic? I am Senjukou, I know something like a magic that can make you talk」

「Ha～」

A sigh was let out from Ruby. It was a sight that she had given up.

「There was a report from the court's meteorologist. The result of observing with magic, it looks like a storm will come tonight. On top of that, it looks like it is a huge storm that would continue for at least two days」

「A storm huh」

「As you can see, the whole country　the capital is in great confusion, there is going to be a ceremony from now. And a storm with that……」

Ruby made a difficult face.

A storm or typhoon in the middle of an event, she had a face that she would literally be thrown cold water on.

「I got it, leave it to me」

「What? What are you planning, saying something like leave it to you」

I left Ruby, and asked the man.

「Where is the storm coming from」

「F-From the sea」

The man pointed to a direction. That's the direction where there's the sea, the storm is coming from that direction huh.

「What are you planning to do」

Ruby asked the same question.

「I'll use ancient magic」

I said that, and walked as if to cut the wind in my shoulders.

☆

I left the ceremony hall, and flew towards the storm with flight magic.

Flying, I knew it better, that the weather is accelerating to the bad direction.

I went to the top of the clouds. I advanced further.

And then, to the gigantic swirling cloud I hit the storm.

After advancing furthermore, I saw an open place this time.

It’s probably, the eye of the storm.

I flew to the middle of that, and chanted magic.

「『Weather Change　Sunny』」

The instant I chanted it　I felt weakness in my whole body.

It was the same when I used the ancient magic for the first time.

It’s a great magic that even changes the weather, the time I used that, I felt that my magic powers were taken away at once and got weak.

And just the same with that but I felt it far more powerfully.

It's natural, I changed the storm that would continue for two days into sunny.

My sight got blurry, I feel like I would lose my consciousness.

The two's appearance emerged in my sight.

Sylvia and Nadia.

The two's proud moment, the appearance of the both of them doing their best.

Giri.

I clenched my teeth, from the bottom of the tank called the body, I squeezed out magic powers.

The weather changed.

The eye of the storm gradually spread, and crushed the raging storm.

And finally, the storm completely disappeared.

☆

With the remaining magic powers, I flew to the royal capital, and returned to the ceremony hall.

「I'm barely on time huh」

I whispered, and took a deep breath.

With my legs fluttering a little, I walked carefully and returned inside.

Ruby was there.

「I cleared the storm」

「……eh?」

「I cleared the storm. It's okay now」

「Something that ridiculous」

「Then, I'll leave the rest to you」

I went through Ruby's side, and tried to return to the ceremony hall.

While hearing Ruby ordering her subordinates from behind, letting them run to confirm it with the meteorologist, I returned inside.

「Lucio-sama」

「Lucio-kun」

In the entrance, my two wives were waiting for me.

「I've kept you waiting, now then 」

"Let's go", when I was about to say that.

The two clung their arms to me.

In the middle, they clung their arms to me.

I'm surprised. Because that isn't the normal way they clung.

It could be seen normal with a glance, but they clung to me as if to support me.

As if they knew what I just did.

「Sylvia? Nadia?」

「Lucio-sama, you have the face that you used a lot of magic」

Sylvia said, *KokuKoku*, Nadia nodded.

「……I see」

I got convinced.

It looks like it was very clear to the two who had seen me using magic the most.

「Lucio-kun」

「What」

「The Lucio-kun right now, it's very cool」

「Really?」

「Un!」

Nadia nodded greatly.

「If we walk with Lucio-kun right now, I wonder if we'd also look more beautiful」

Nadia said, I was surprised.

It's the opposite version of what I said earlier.

「……yeah」

I nodded, and placing a little strength to the two's arms clinging to me, I clung to them.

「Both Sylvia and Nadia, is the most beautiful girl in the world right now」

「Yes, Lucio-sama」

「”Of course”」

The two smiled and nodded.

It’s not with confidence, but with trust.

Together with the two who nodded like that, I returned to the ceremony.

THE BOOK OF THE VASSAL STATE GUERNICA

CHAPTER 48: SENJUKOU, BECOMES PROXY OF THE KING

Being called by the King, I came to the audience hall.

「Ohh, you have come, my Senjukou」

The King that saw me raised his tension as usual but when I thought of that.

「Ohhhhhhh, m Senjukou, please don't go〜」

He started crying.

……eh? Crying? Wait, wait, what is this so suddenly?

The King that was sitting on the throne full with majesty started to get whimpering.

If this was *DereDere*, it would be the same as usual and I'm used to it, but it's the first time he cried to me.

「Your Majesty, please regain yourself」

The minister on the side of the King made him calm down.

「Do you Sir say that Senjukou should go away from me」

「But, if it is not the Duke-sama, nothing can be done」

「I know that! Do not look down on my Senjukou」

The King got angry instead.

……what in the world, is this.

「Ou-sama, can you explain that I can understand」

「Uuu……」

「Let me explain instead」

Did he judge that the King was unusable, the minister said that instead.

His expression was a little bit dumbfounded.

「Just recently, a small country in the south, Guernica requested to become a vassal to the Kingdom」

「Vassal⁓?」

「As a tribute every year, they will submit their Prince to the royal capital La Linea as a hostage, it is fine if you think of it as a colony」

「Is that so⁓」

There's a talk between countries without my knowing huh.

「And that Guernica is a country that has many problems.」 It would be out of the question if we would not maintain their stability as our colony for the least amount. For that, a person from the Kingdom will be sent, and solve the problem」

「I see……hey, don't tell me」

It's something that I'm not interested in so I just pretended to listen.

「I'm the one who would go?」

「That is correct」

「Ehhhhhh, that's impossible. I don't know anything about making a country run you know?」

「That is not true」

The minister said clearly.

「Duke-sama is a great magician that can freely control a thousand magic」

It's almost exceeding ten thousand though.

「You are being told internally and externally as His Majesty's favorite child」

Even he's like that, it's true that he'd taken a liking to me.

「You have a lovely wife too. Two, on top of that」

「That has nothing to do with it right!」

I couldn't help but point that out.

「No, it is」

The minister clearly said.

Is it? Why?

「And with that, for the reconstruction of Guernica, and also in terms of ability, to show the seriousness of the Kingdom, Duke-sama is the most

suitable person」

I see. I got the story.

「I don't want that.」 Don't make my Senjukou go to a remote place」

「Ou-sama……」

「Ohhhhhh, Senjukou……my Senjukou will go……」

The King whimpering. What should I do with this.

「Your Majesty. Changing the way you think, this is a golden opportunity」

「Mu?! What do you mean」

「Even though it is a small country and a colony, Guernica is a proper country. And the one that our Kingdom will send is Your Majesty's proxy, in there, he is inevitably going to be the top. Meaning……」

「King!」

The King had his eyes wide open.

「It is as you say. Duke-sama who had gone to Guernica is essentially a King of a country. He is not a Duke of a thousand magic, but a King of a thousand magic」

「Ohh, ohhhhhh」

「On top of that!」

The minister emphasized it was quite obvious that there's acting on it.

「If it is with Duke-sama's powers, it is inevitable for it to be reconstructed without fail. If that is so, with this case, it is inevitable for his brave name roar in the whole world」

「World!」

「I painfully know how His Majesty thinks of Duke-sama. However, this is the golden opportunity to make Duke-sama's name famous in the whole world」

「Umu, it is as Sir had said」

Ah! It looks like the brainwash is finished.

「I have been wrong. My Senjukou is one that should spread his wings to the whole world. It is outrageous for me to chain him in my place. I have decided」

「Your Majesty's wise decision, I have been moved」

The minister bowed his head.

His face that was facing down was very tired, and was letting out a sigh.

……he's, really having a hard time huh.

「It is as you have heard, my Senjukou. Can you go to Guernica for me」

「E〜to……」

I thought, and organized the situation in my head.

It means, the management status of the subsidiary company that was bought wasn't good, so a new managing head will be sent from the main company and reorganize the management huh.

The King stared at me with sparkling eyes.

The minister stared at me with eyes begging "Please".

It can’t be helped.

「I got it. I’ll work for the King」

「Ohhh, as expected of my Senjukou」

Just like that, to reconstruct Guernica, it is decided that I will go as the King’s proxy.

CHAPTER 49: VIDEO CALL

Guernica Royal Capital, Lumo.

I came to a mansion in the middle part of the capital.

Sylvia, Nadia, Coco&Mami, and me, the four of us.

「We had been waiting for you, Lucio-sama」

The one who welcomed us was Amanda.

She's an older maid that is serving in my family house, Martein House.

Coming to Lumo, I asked Amanda to go ahead of us and acquire a mansion.

That is the mansion that is in front of me.

With only its wideness, it's one level bigger than the one in La Linea.

「Good work. This is my mansion?」

「It is as you say」

「The price is?」

「It is only 30% of the money prepared that I had received from Lucio-sama」

「30%?!」

I got surprised.

「Isn't that too cheap」

「The property value is cheaper compared to La Linea. In truth, it was possible to have 100% remaining, but I refused」

「100%, what do you mean?」

「The influential people, merchants and nobles, who had already heard about Lucio-sama, they offered it for free to buy your welcome. I refused all of it, and gained it only with its price in the market」

「……Amanda's amazing huh」

「I am not worthy of those words」

No, I really think that it's amazing. Not mentioning that she didn't jump to it since it's cheap or for free, on top of that, she took her ways buying it at its price in the market.

「Good work, Amanda. Return and say my regards to Ojii-san」

「About that, I think that he would visit very soon」

「Is that so. Well, I expected that. It's Ojii-san after all」

It's easy to expect for Ojii-san to visit suddenly.

I once again said thanks to Amanda for her work, and sent her off.

☆

Looking around here and there inside the mansion, checking the layout, and checked the furniture. And there, a sound was made from the door knocker in the front entrance.

「Is someone here」

Sylvia said 「Ha〜i」, and went to the entrance.

「Ehhhhh」

I heard Sylvia's shouting voice.

I ran to the entrance.

「What happened……ohehhhhh」

I couldn't help but raise the same voice as Sylvia.

The visitor in the entrance, it was theKing.

The King who should've been in the Royal Capital La Linea, is there with his incognito appearance.

「O-Ou-sama? Why are you here?」

「I came」(Kichatta)

You came, you say.

「Ou-sama, did you come to visit Lucio-sama?」

Sylvia modestly asked.

「Umu. I couldn't help myself worrying what my Senjukou was doing, and left the palace for a bit」

「Is that okay?」

「There's no problem」

The King said it clearly.

Is there no problem……

「I properly⌒, left a note. There's no problem」

「Just a note?! That's a huge problem!」

I couldn't help but point that out.

「Well well, rather than that, this, it's for celebrating your moving」

「This is?」

I received the thing that the King reached out.

There's a red colored noodle inside.

「Ah, it's the red noodles for moving. Thank you very much, Ou-sama」

Sylvia who took a peek said her thanks.

「Umu, eat it leisurely later with my Senjukou」

「Thank you very much」

From Sylvia's reaction, it looks like it's something like soba being given when moving.

Well, that's fine though.

「Is it really okay, Ou-sama」

「It's alright. I had properly written in the note that I would go to my Senjukou's place. They know my destination, and this world's safest place is my Senjukou's place. There is no problem at all」

「U〜n, then 」

「It is a huge problem it is!」

The door opened, and the minister came inside.

He had sweat on his forehead, and was catching his breath.

His appearance was simpler than the King's, and people who don't know his face can only see him as a middle-aged Ossan.

「W-What happened」

「I chased after His Majesty. Your Majesty!」

「Mu!」

The King changed his expression.

「We will be troubled, doing such selfish things. Your Majesty is our country's lord, if one who is such would come to a vassal state without letting them know, on top of that, to its Royal Capital, it would be a huge problem」

Ah, it's like that after all huh.

「It couldn't be helped right, I wanted to meet my Senjukou」

「"I wanted to meet him", is not an excuse. Ahh, my goodness! But well, you had already met him. Well now, let us return before the ones of the Guernica Kingdome notice」

「Halt, at least, the red noodles for moving 」

「Let us re turn」

The minster closed in to the King.

To the fierceness of his expression, the King was like *Shu⌒n*.

「I shall say this once again, it would be a huge problem if it was found out that Your Majesty is here. Well now, let us go」

Did he already judged that he wouldn't return by convincing, the minister dragged the King.

The King, he was taken out of the mansion, and got pulled into the carriage that was prepared.

He looked at me, and sorrowfully shouted.

「I will meet you again!!!!」

「Please don't come anymore!」

The minister said that, and stuffed the King to the carriage.

I saw off with a wry smile, the carriage that left the Royal Capital Lumo as if to run away with a rocket dash.

「Ou-sama, he was lonely huh」

Sylvia said.

「I guess so」

「Can you not do anything about it, Lucio-sama」

Sylvia looked up to me while holding the red noodles. They were eyes as if to beg.

She probably though that the King was pitiful.

「Let me think」

I thought. I made a search within the near ten thousand magic inside my head.

「……there was really one」

「Is there」

「Ahh……there was really one that it made me wonder instead why I wasn't able to think of it until now」

I laughed wryly. I laughed wryly to my clumsy self.

It's a magic that I learned from the Grimoire that a read in the Grimoire library just recently.

I remembered that, and used it, reaching out my hand.

「『Picture Phone』」

The light of the magic powers gathered, and showed a video in mid air.

It's a half-transparent video like a hologram.

That is, the appearance of the King crying while hugging his knees in a small space.

……oi oi.

Starting again, I called out to him.

「Moshimoshi, Ou-sama?」

「Mu?! Senjukou! Isn't it my Senjukou?!」

The King in the video looked here.

「What is this about」

「It's my magic」

「Is that so, as expected of my Senjukou!」

The King got convinced very easily.

「Video call……well, you wouldn't know that huh. Anyways, with this magic, I'll contact the King once in a while」

「Really!」

「Un! That's why, cheer up」

「Umu, I had cheered up. Thank you, my Senjukou」

When we were having that conversation with the Video Call magic, the door knob was knocked again.

The door opened and Ojii-san who should've been in our family house was there.

「Ohh, Dear Lucio, you seem cheerful

「That voice is Luka's, why are you there?」

「Mu? Isn't it Abe. This is……hahaa⌒, it's Lucio's magic huh」

Ojii-san understood the situation in the instant, and talked to the King who he had really gotten along with that they'd call out each other's name through the video call.

Ojii-san was bragging about it, and the King was frustrated.

「Is there a problem going to play with my grandchild's new place?」

Ojii-san braggingly said. Un, there's no problem with that huh.

「Khu! Coachman! Minister! Turn back immediately, I also 」

「That shall not be done, Your Majesty!」

The King who had tantrums was made shut by the minister.

「FuoFuoFuo⌒. Well know, dear Lucio, let's eat red noodles for moving together. Ohh, Sylvia, can my lovely granddaughter in law let this old man eat noodles」

「Gununu…… 」

Ojii-san who really stimulates the King in this chance

"As usual, the two really gets along with each other huh", I thought.

CHAPTER 50: BIG BROTHER IS CAUGHT RED-HANDED

Morning, one man came to the mansion.

It's a young man in his twenties, and have a very kind and gentle appearance.

「I see you as Duke Lucio Martien His Highness」

「Un, I'm Lucio～」

For the meantime, I answered with child-mode.

「Onii-san, who are you?」

「I ought to have said first, my name is Simon Simpson」

「Simon-san then」

「I have been sent to guide Duke His Highness to the palace」

I see, a messenger from the Guernica Kingdom side huh.

I'm going to meet the King here in the palace today, so he's the guide for that huh.

「Please take care of me. Also, stop calling me Duke His Highness. Can you call me by my name」

「I understood. Well then, I will call you Martien-sama from now on」

That's too still stiff though, well, whatever.

「Lucio-kun, you're going out?」

Nadia came out from the mansion.

She had just woke up, and her hair was messy as usual.

「That person is?」

「Simon-san. I'm going to work with this person from right now. She's my wife, Nadia」

「……」

Simon popped out his eyes to surprise, and bowed his head to Nadia in a hurry.

Even if she looks like a child, Nadia is Mrs. Duke after all.

「I see. Take care of Lucio-kun okay」

「Let's go, Simon-san」

「Yes」

I left the mansion with Simon.

And then, Simon got relieved.

「What happened, Simon-san?」

「Please excuse me. I did not think that I would meet Mrs. Duke」

「You didn't seem to be nervous at my time though?」

「That is, uhmm, well」

Simon couldn't find his words, he had sweat on his forehead. Is there a reason for that?

「By the way, I have another wife called Sylvia」

「It is to my knowledge that there are two of them」

「I see」

I walked in the town with Simon.

Guernica Kingdom's capital, Lumo.

It's called the kingdom's capital but it's not like it was that prosperous, and when it comes to its scale, it's not that different from Barza, the place I lived in before I got independent.

With that alone, I could guess this country's scale or national strength.

「Hey, you're cute, where do you live?」

Suddenly, I heard a voice that I was familiar with.

I stopped my feet, and looked where the voice came from.

On about ten meters away, Isaac was there.

……why is he here?

「W-Wait. I am 」

「My name is Isaac. What's your name? Do you like to have tea around here? Even though I look like this, I'm a very interesting man you know. Let's do fun things together」

Isaac was picking up a girl.

Just like when we met before, he was picking up girls with lines that don't

seem that effective.

The girl that was being picked up, was a beautiful girl in her middle teens, just like a high school girl.

That beautiful girl was being troubled with Isaac.

Yareyare, it can't be helped.

When I was about to stop it, at that instant.

「Here! It's this person!」

From the different direction where Isaac was picking her up, another girl came with armed soldiers.

The soldiers that have simple weapons quickly surrounded Isaac.

「It's this person! This person is picking up Onee-san-in-law!」

「I confirmed」

「You are」

One of the soldiers asked the girl that was being picked up.

「I'm Mixon, I have a husband」

The girl raised her hand, it has a ring on her ring finger.

I got surprised a little.

A wife that young　ah, Sylvia and Nadia were also wives huh.

It seems like early marriage isn't unusual in this world.

「I'm an open-minded man who does not mind married women. You need to know real men uwaa!」

Isaac was captured by two soldiers.

「A〜a」

Simon was amazed ambiguously beside me.

「What does it mean? Simon-san」

「Come to think of it, Martien-sama doesn't know huh. In this country, it is a crime picking up married women」

「Is that so」

「Yes, if they are found out, they would be caught with no mercy, and they would be punished by imprisonment for seven days with the first offense. If they do not know, there would have been room for extenuating, but……」

Isaac, he declared that he wouldn't care if it's a married woman after all.

That Isaac is caught by the soldiers, and had been dragged away.

「Let me go, what did I do. Let me go ah, Lucio!」

He noticed me. The soldiers also looked towards us.

「Help me, Lucio, I don't know what's happening, but I got caught」

「E〜to」

「You’re disgraceful!」

「Aren’t you embarrassed asking for help from such a child」

The two soldiers scolded Isaac, and took him away just like that.

「E〜to……it is only imprisonment, right」

I confirmed with Simon.

「Yes, there would be no more than that for the first offense for people from other places. ……is he someone Martien-sama knows of? If you would like 」

「U〜un, get him into prison for seven days. That, it's something like a disease」

「Yes, it is something like a disease」

Simon said profoundly.

You're incredible, Isaac, Simon understood you with a lot with that instant.

Isaac disappeared, and I continued to walk with Simon.

「I see, the reason why Simon-san only said greetings to Nadia earlier, was because of that huh」

「Yes」

「I see」

「Ah! Also. That, he's my older brother by the way」

「Ehhhhh!」

Simon got surprised……well right, huh.

「That's why he might say out my name, but put him in prison for the crime he did properly okay」

「I have understood. I will contact them later」

「Thanks」

Yosh, it's alright with this.

Well, this is better for Isaac's sake.

Simone said「for first offence」, so it's clear that the punishment would increase if he does it again.

It will be for his sake if he experiences some pain here.

「But……as expected of Martien-sama, one who is His Highness the Duke should be like that huh」

n?

「Punishes his own brother for justice. Without discretion, fairness that makes him have the punishment for his crime, it is as expected」

E〜to, I guess so?

「This Simon Simpson, I am very moved. Martien-sama!」

Simon closed in to me.

「With Martien-sama's hands, please, please rebuild this country!」

「U-Un」

He's somehow too heated　he asked me as if he was going to be my believer.

After that, I was seen with feverish eyes until I reached the palace.

CHAPTER 51: THE KING OF TREATS

「This might be a very rude question, but」

While going to the palace, Simon asked.

「I had heard that Lucio-sama had deciphered more than a thousand Grimoires, freely control a thousand of magic, and is being called Senjukou. Is that true」

「That's right」

I reached out my hands, and used magic.

I created a match-like fire from my left hand's thumb, and a sharp ice pillar on my pointing finger.

I created a whirlwind in my middle finger, wrapped my ring finger with lightning.

Different ones to all of my fingers, I used ten kinds of attack magic.

Of course, I used them in their weakest strength.

「Ohh!」

Simon got excited.

「Just like this, I can use a lot of kinds. Their number, un, probably more than nine thousand」

「That much! T-Then」

「Un?」

「To be able to read that many Grimoires, is there a trick for it」

「A trick?」

「Yes, a trick for reading Grimoires. I have been reading Grimoires for a long time, but I still cannot understand it. So, if there's a trick to it……」

「Is that so」

Something like that huh.

Both Ojii-san and also the King, I had heard similar worries from the people around me.

For me, it's just a manga, so I can read one volume of it for minutes, but most of the people in this world cannot understand it. It would take years for them to read one book.

I tried a lot of things for those people to be able to read.

Something like trying to create anime with magic, I tried a lot of things, but there still isn't a result.

I myself can read it easily, but it's difficult to make other people read.

Simon scratched his head, and started talking with his face red.

「Actually……this is a very embarrassing story, but it is a task handed to me by my childhood friend. She said that if I read that Grimoire and used magic, she will marry me」

「Marry you if you used magic?」

I couldn't help but stop my feet, and look up to Simon.

That……I want to help him.

「That, what kind of Grimoire is it?」

「It's this!」

Simon took out a Grimoire from his waist in a hurry, and passed it to me.

He's carrying it with him huh.

「Can I read it? I'll finish it quickly」

「Quickly?」

Simon got surprised.

The Grimoire that was passed to me was a thin one, so I read it like stand reading in a bookstore.

「I see, it's like this huh」

I said that, and returned the Grimoire to Simon.

「Here, I'll return this to you」

「Eh? I-Is it that, you had read it with just now」

「Un」

I nodded.

Simon got surprised, and made a face saying he couldn't believe it.

Action rather than words.

I reached out my hand, and used the magic I just learned right now.

My palm shined, and a ring came out.

Just like the one I gave to Sylvia and Nadia, it's a wedding ring made of magic.

「T-This is really. In an instant right now. As expected……」

Simon got moved and at the same time, felt down. It looks like he feels complicated.

「Simon-san's childhood friend, wants the wedding ring Simon-san created huh」

「……yes, that's right. But, I couldn't read this Grimoire whatever I do. Ahh……Laura, forgive this pathetic man」

From the middle, the way he called himself changed. Does he speak like that when he's with his childhood friend.

「Please excuse me. It is something unrelated to Lucio-sama」

「U∽un. Do your best, Simon-san. If you do your best, you surely can read Grimoires」

「Yes……」

Feeling down, Simon returned the Grimoire to his waist.

After going this far, I felt sorry for him.

「I'll also think something about it. A way for Simon-san to be able to read Grimoires」

「Is that true!」

Simon looked at me with eyes as if he had seen a savior.

「Un, I'll do something about it」

While erasing the ring that I had no use for by sucking it into a black hole, I thought if there were ways that I can do something about it.

☆

Inside the small palace, a simple audience room.

That place that you can even call only a mansion, I am facing the King of Guernica.

「……a pig?」

I couldn't help letting out my impression out of my mouth.

The man (probably) in front of me looks like a monstrous pig.

Just like the man that I saw on the internet before whose weight was over hundreds of kilos that he couldn't even stand up by himself, it really looks like him.

Because of his too fatty body, instead of sitting on the throne, he is sitting on the ground.

……no, maybe there's a throne, but it's only hidden by his fatty body.

「Bubu⌒, you are Lucio huh」

King Guernica opened his mouth.

「……un. I'm Lucio- Martien. You're Ou-sama?」

「Bubu⌒. Right, I am King Guernica Clemente the first bu」

「I see. Rather than that, Ou-sama, what are you eating since earlier?」

「Bubu⌒. Even though you are a Duke, you're just a child huh. Alright dabu, I will explain that a clueless one like you can understand. The thing that I am eating is called a cake dabu」

I know that.

That's not the thing I want to ask.

There's a push cart beside King Guernica, and there's cake stacked like a mountain on top of it.

Literally, a mountain of it.

King Guernica grabs that with his hand and gobbles it.

He had eaten more than ten pieces since I entered the audience hall.

「Ou-sama, aren't you eating too much」

「Bubu⌒. I am the King, what's wrong with eating cakes」

「Uhmm, yes」

「Bubu⌒, what a rude person. Oi, you, bring that」

King Guernica ordered the servant woman beside him. The woman left the audience hall in a hurry, and returned with a bag full with her.

King Guernica took that, and ate what's inside with his hands.

A fine grinded white grains……that is, don't tell me.

「Ou-sama, what's that?」

「It's sugar dabu!」

He shouted at me, and gobbled the sugar using his hands.

……no wonder he got fat.

「Uhm, and then, Ou-sama, the reason I came here is」

「I don't want to hear troublesome things dabu」

「Eh?」

「I get the story, I'll do something about it dabu. I'll leave it to Simon so ask everything to him dabu」

「Uhmm」

「Bubu⌒」

King Guernica said that, and left the audience hall while gobbling sugar.

It was a movement just like something like a slime or a flexible animal…… surprisingly, his movement speed isn't that different to walking speed of normal people.

I mean……you're alright with that?

Are you sure I can do all that I want.

I stared at the place King Guernica was.

It was littered with sugar and leftover cakes.

It was a terrible scene only the words「Bad manners」could appear in my mind.

「『Black Hole』」

I weakened the power and chanted the magic.

The black hole that was the size of a marble that came out of my finger point, it sucked in the trash just like the highest class of vacuum cleaners.

「「「Ohhhhh」」」

The servant, the guards, and Simon who didn't speak a thing since earlier.

Everyone in here raised that moved voice.

「T-This is bad」

A man with soldier clothes ran inside.

「Monsters! Monsters appeared in the village! Please send reinforcements immediately」

The audience hall got into a panic.

It looks like, there's a lot of things I need to cleanup.

CHAPTER 52: FUTURE WIFE

「Ehhhhh?! Then, Lucio-kun, did you get rid of those monsters?」

At night, inside my new mansion.

On the top of the king size bed that I immediately brought in, I was lying on my side while holding hands with Nadia.

「Ahh. I rushed when the report came in, and did something about i」

「Ne～ne～. What kind of monster was it?」

「『Create Delusion』」

I casted the magic, and showed a video in the air.

A bulky, ogre-like monster appeared.

「Was there a lot of this?」

「No, this one only have one. 『Create Delusion』」

I casted the magic once again, and moved a mansion on the side of the monster.

「Is this, this mansion?」

「Ahh, their size is the same」

「Ehhhh, then, it's larger than this mansion?」

Nadia surprised. It's a natural reaction.

The monster and this mansion being shown in the video. Comparing them, the monster has about three times the size of this mansion.

In numbers, it's a big one that has the height of about 100 meters.

「Did you defeat this? As expected of Lucio-kun」

「I defeated it, well, or you can say I chased it off」

「Chased it off?」

「It looks like it wasn't a monster that does bad things. It appeared in the village but it didn't attack humans」

「Then, what was it doing?」

「『Create Delusion』」

I reached out my hand to the video.

Animals like cows and pigs appeared in front of the monster.

The monster picks up the coin-sized cows and pigs and places it in its mouth, it ate it as a whole.

「It was eating the village's livestock」

「It was hungry huh. Isn't it like a bear coming down from the mountain」

「It's exactly like that. And, it looks like it regularly appears in the villages, so the people of the town was troubled」

「Well, they should be. It's eating cows and pigs like snacks」

The video moved, for the monster, one cow is about the size of a dice for it.

「But you're amazing, Lucio-kun. To defeat something as big as this」

「I didn't defeat it you know?」

「Eh? But」

「I just dealt with it, but I didn't defeat it. It's something it does because it wants food, and when I talked to it, it didn't attack humans. That's why I did this」

I made new images.

A small me appeared, and made the one cow bigger with magic.

I made it as big as the mansion.

The monster got surprised at first, but it happily jumped to the cow.

It ate the giant cow, and felt satisfied.

「Just like this, it became full」

「I see. As expected of Lucio-kun. You don't only defeat huh」

「If I wanted to defeat it, I was probably able to, but there isn't a need for that」

「I see〜」

「By the way, I met Isaac」

「Eh〜? Why, why? Did he come here?」

「Ahh」

I nodded, and recasted the magic.

The images instantly changed, just like the change in channels of the television.

Isaac's appearance was shown.

Just like I saw in the morning, the video that he tries to pick up a person's wife, and got taken away was shown.

Seeing that, Nadia frankly laughed.

「Ahahahaha, he got caught. Eh～, you'd get caught picking up a person's wife huh」

「It seems so. In this country at least」

「If Sylvie and I got picked up, I wonder if that would happen too」

「It looks like it will. You remember the person who came this morning right? He's called Simon. The reason why that person didn't talk to Nadia was because of that」

「Is that so～. Yosh, Lucio-kun, make me an adult next time」

My breath stopped for an instant.

To the way she said, "make me an adult".

「『Fake Growth』」

I casted magic to Nadia.

Nadia became a sixteen-years-old bishoujo.

「Right, right, this is it. Can you make me a little more mature?」

「Like this」

I casted magic again.

……my breath was taken away.

Nadia became more adult. To a beauty who's in her middle twenties.

Her pajama look became a negligee look. From her usual frank and gleeful atmosphere, to a more adult one.

「Un, this is it」

Is it my imagination, the way she talks was also more mature.

「I will show this appearance in front of Onii-san. Fufu, I'm looking forward to what would happen」

「Let him off」

I laughed wryly.

「If you show yourself in this current appearance, I'm sure he would flirt with you. He wouldn't be let off with only 7 days for his repeated crime」

「Will he surely do that」

「I'm very sure」

「Lucio will also do it?」

Nadia mounted on top of me and asked.

I got my breath taken away again.

A fascinating beauty that is getting contact with me, the tone of her voice and the way she calls me also changed, as if she's someone I don't know.

This is……Nadia who became an adult……?

「How is it……Lucio」

「That is……」

How should I answer, and, when I was picking my words.

Gacha, the door opened.

「Sorry to keep you waiting, a-re?」

Sylvia entered.

Sylvia who just came out of the bath, in her very lovely pajama attire.

「Nadia-chan, what are you doing?」

Sylvia called her childhood friend Nadia who is in her adult appearance without hesitation.

「A-re? You're Nadia-chan right?」

But when she thought of it, she tilted her head with that appearance.

「Un. Lucio made me an adult with magic」

「Lucio?」

「Fufu. Somehow, I want to call him like that. I wonder if it's because my body became an adult's」

「……」

After thinking for a moment, Sylvia came to my side.

「Lucio-sama. Can you also make me like Nadia-chan?」

「Un? It's alright」

It's something simple.

I answered promptly, and also casted magic to Sylvia.

『Fake Growth』, magic that changes appearance to an adult.

I casted it twice, and Sylvia changed to her middle twenties appearance.

Sylvia who grew up was a different type of beauty compared to Nadia.

Nadia changed, but Sylvia didn't change.

She became an orthodox adult, a shy and beautiful woman.

「Oh～, Sylvie would become like that huh」

「Hmm. It feels like an adult version of Sylvia」

Sylvia looks at her own body, and stares at it intently.

「I guess so, I now understand Nadia's feeling」

Sylvia's tone also changed. As if she was a graceful wife of a noble.

「I know right? Ne～, in that appearance, how would you call Lucio?」

「Let me thing……」

Sylvia stared at me, she pleasantly smiled, and placed her lips to my ears.

「A na ta」 (Husband)

I got my breath taken away, butterflies in my stomach.

Getting whispered 「A na ta」 in my ears has a tremendous destruction powers.

「Un, it fits you very well. The way you call him fits that Sylvie」

「Nadia also, that really suits you」

「But it feels strange. I can see Lucio as a very cute person」

「That is the same with me. He's very cute」

The two stared at me.

Somehow……their eyes are strange?

Eyes that was like a predator looking at its prey.

The two, having eyes like this……it's the first time.

The two gradually closed in to me.

This is bad, no, we're married so there's not a problem at all, but, it somehow feels bad.

I need to do something when I thought of that, a flash came to my mind.

「『Fake Growth』」

The same magic, this time, I casted it to myself.

Just like the two, I casted it twice.

From a healthy young man, to the appearance of a healthy man.

I can't see how my face looks, but I got bigger than the two.

My height……it's probably about 180 cm.

「……」

「……」

The two who were closing in stopped.

Their eyes widened, and stared at me.

「Sylvia? Nadia?」

“I wonder what happened”, I waved my hands in front of the two’s faces.

The two won’t react, they only stare at me.

And after tens of seconds.

「So cool……」

「Cool……」

The two opened their mouth at the same time.

「Lucio, can we link our arms?」

「Anata, can you also do that for me?」

The two asked, but they wouldn’t move.

Up until now, before I answered, they had already held my hands.

But right now, their faces blushed, and waited for my reply.

I smiled pleasantly, *Boson*, dropped my body to the bed.

「It’s alright. Come here」

After I said that, the two happily jumped to me.

Sylvia to my left, and Nadia to my right.

We linked our arms with our usual position.

「Let’s sleep just like this」

「Un」

「Yes」

The two nodded, and we spent a night a little bit different than usual.

The night when we usually held hands while sleeping, today, we slept with our arms linked.

Just a little bit, fast forwarded to the future, and felt very blissful.

CHAPTER 53: NUKO-SAMA

When I returned from outside, Coco was sleeping while curled up on the floor in the mansion's living room.

「Coco?」

I tried calling her out lightly, there's no response.

「Coco? You'd catch a cold sleeping there?」

I called her once again, but there's no response after all.

I thought that it isn't good for her to sleep here, so I decided to at least bring her to her own room.

By the way, Coco and Mami have different rooms.

The two has the same body that changes when they are thrown water, but because they are cat and dog, I prepared a room for each of them.

I am going to carry her there.

「『Float』」

I used magic, Coco's body floated up with her current pose.

And leaving her like that, I carried her by floating.

「U〜n……」

Coco moaned along the way.

「Did she wake up?」

I thought, so I stopped.

Coco didn't woke up. While sleeping, she struggled on the air.

Her feet caught the floor, she moved a little on her own while floating.

She moved from the shadows to where there was sunlight. After that, her sleeping face became very satisfied, and started to sleep very well.

This is……is she sunbathing.

I tried to pull her a little, moving her to the away from the sunlight.

And then, her eyebrows narrowed again, she disliked it and struggled by moving like swimming in the air wanting sunlight.

I pushed her a little returning her to the sunlight, and after doing that she started to sleep very well with a satisfied face.

「Hmmm～.　『Peep』」

I chanted magic. A screen-like thing appeared in the air.

Unlike video call, this one's a magic that shows images one-sidedly where there are no people.

The place I confirmed was Coco's room. It looks like the timing was bad and her whole room doesn't have sunlight.

This, it's pitiful to make her move huh.

By the way, Mami's room was full of sunlight

I released the float magic, and put Coco on the floor.

Is it because the floor was warmed by sunlight, Coco rolled around with a very satisfied face.

The sunlight moves along time, Coco chases after that and moves little by little on the floor while sleeping.

It's cute.

To show it later to Sylvia and Nadia, I captured a picture of it with magic.

「I'm thirsty」

I left the living room, and went to the kitchen.

I placed cold water on the cup, and returned to the living room.

Coco was still moving, she was moving on the floor like a mollusk.

It was a lot cuter that earlier, so I captured a picture of it with magic.

I got immersed on taking pictures, my hand slipped.

Pasha∽n, the water splashed to Coco.

In an instant, the dog-ears girl changed to a cat-ears girl.

The hairstyle that was similar to a bob cut changed to a long straight hair, and her whole atmosphere changed.

Cat-eared girl, Mami.

The two girls had a joke-like physique that they would change races when they get splashed with water.

Mami who got splashed with water woke up, and started to look around.

With eyes that had just woken up, she had a face that doesn't know what happen.

With the guilt of disturbing the good sleep, I casted magic.

「『Quick Dry』」

Just a bit stronger, I carefully casted magic.

The water that splashed to Mami evaporated in an instant.

Mami who got dry looked around twice and thrice, and started to sleep on the floor as if nothing happened.

「Fuu∽……I did a bad one」

I wiped the sweat on my forehead with the back of my hands.

Mami started to squirm.

She squirmed on the floor, and moved the place she sleeps.

The opposite of Coco. Mami escaped from the sunlight, and moved to the shadows.

「Does Mami don't sunbathe?」

I got curious and watched her for a while.

The sunlight moved. She got hit by it, and Mami escaped by squirming.

She got hit, and escaped by squirming.

She got hit, and escaped by squirming.

It was really the opposite of Coco.

It was interesting, so I captured a video of it with magic.

Her appearance of escaping from the sunlight, I should let Sylvia and Nadia see it later with double sleep.

I thought of that and captured a video　Gon!

Mami who was escaping from the sunlight got her head hit the wall.

「Funyaa!!」

She raised her body in a hurry, and started to hold her head.

Even the person itself didn't know what happened. She looked around, and finally, her sight stopped to me.

With eyes that are blaming me. With eyes saying "what did you do".

「Wait, wait, I didn't do anything」

「Lying is the thousand magic duke's beginning」

She said while staring at me.

「You don't need to make some weird proverbs you know. Look」

I played the video that I captured.

I created a screen on the air with magic, and Mami's appearance showed.

She moved disliking the sunlight, I played it until she hit the wall with her head.

Un, it's a perfect alibi.

「How is it, you now know that I didn't do anything right」

「Un, I got it」

Mami nodded.

Even though the charges was off, Mami was still glaring at me.

「You didn't do anything」

「Eh?」

「You let me sleep on the floor, leaving me alone while I was suffering」

「Uu!」

She poked me where it hurts.

Being told by that, there's nothing I can say. I mean, thinking about it carefully, I also think that it's bad.

「Sorry」

「……」

「I'm really sorry, look」

I bowed my head with my hands together.

After Mami glared at me for a while.

「Whatever」

She said that, and left the room.

U⌒mu, I did it again. I should do something for her later.

In the living room that I was by myself. I looked at the sunlight that continuously moved.

It looked warm.

「『Air Cushion』」

I thought that I'd sunbathe too.

I made a sofa made out of air with magic, and sat there.

A sofa that they say makes people bad, the air sofa that really fits my body.

I made that move to the middle the sunlight. And made it float with 『Float』 magic.

Looking from the side, I'm relaxing in the air.

It was very warm, and felt very good.

I went down from the sofa once, went to another room, and took out a manga.

I sat on the sofa, and started to read manga while sunbathing.

「Funfunfufufu～n」

It felt really good that I couldn't help myself humming.

Suddenly, a hand came out from the side.

It's Mami's hand.

Mami who had returned without me noticing, she reached out her hands to the top of the Grimoire as if to bother me.

「Mami?」

「……」

There was no reply from Mami, with a little displeased expression, she continued to hide the Grimoire with her hands.

I can't read it like this.

「Do you want me to play with you?」

I left the Grimoire on my lap, and looked towards Mami.

And then, as if she had lost interest, Mami turned her face to the side.

And after that, when I started to read the Grimoire again, she also reached out her hands.

I put the Grimoire down, she looked away again.

We did that repeatedly for a few times, and when I ignored her hands that she reached out and continue on reading the Grimoire　Mami got on me.

She climbed the air sofa, and got on me, hiding the Grimoire with her whole body.

「……」

But, she won’t say anything, she only disturbs me.

How can I say this, not a cat-eared girl, but a Nuko-sama huh.

She wants me to play with her, but she runs away when I do.

If that is so, I play with her while acting as if I wasn't.

I acted as if I was reading manga.

Mami got in the way.

While playing with her getting on the way, I acted as if I was reading manga.

At the same time, I secretly moved the air sofa with magic.

From the sunlight, to the shadows that Mami likes.

Little by little, I secretly moved.

And when I was playing with her like that for a while, there wasn't any change in Mami's expression, but her tail started to stand.

While she's on top of me, her tail extended straight upward.

Was this, her gesture when she's happy.

Having the certification, I played more and more with Mami.

The sun finally set, and Mami who got tired playing started to sleep on top of me.

「It would be with smiles when it's with her sleeping face huh」

I laughed wryly. Our house's Nuko-sama is very difficult.

But well, since her sleeping face is like this, it means that I made her happy huh.

「　!」

And when I was thinking of that, Mami suddenly woke up.

While on top of me, she stared towards the wall.

「What is it, Mami」

「……」

Mami didn't answer after all.

After she stared at the wall for a while, she suddenly jumped out of the living room.

"I wonder what it is", I went down from the air sofa, and walked going after Mami.

When I got to the front, I saw a familiar scene.

It was the tied up Isaac.

Mami dragged Isaac, and left him in front of me.

And, she stared at me.

With sparkling eyes, with an expression wanting me to praise her.

I laughed wryly. Our house's Nuko-sama was very easy to tell.

CHAPTER 54: DEEP SEA DATE

In a cafe terrace inside the town, I was there drinking tea by myself.

The purpose of coming to this country, it is to raise the decreasing power of this country.

To find out what is the best way to do that, I first went out to this town to see the lifestyle of the people and observe them, but.

「I can't tell at all」

I let out a sigh, and drank the hot tea I ordered.

I came here early in the morning, sitting until lunch has passed while observing them, but I couldn't tell anything at all.

It's not the dimension where I couldn't tell anything, it's at the level where I don't know what I don't know.

I was about to give up, at that time.

「Boy, can I excuse you for a while?」

A beauty sat in front of me.

She was quite a beauty, and she was letting out sex appeal that you can call as bewitching.

「It's okay, but……other seats are open, right」

I got cautious, and replied with child-mode.

「I have been looking at you for a while, boy, but you were here since

morning right」

「Un, that's right」

「What are looking at? Or are you waiting for someone?」

「It's not either one～. I was just free so I was just spacing out」

I can't tell the truth, so I just replied without care.

「Ara, is that so. Then, do you want to do good things with Onee-san?」

「Good things?」

「Right. "Good things"」

The beauty made curves, and winked while saying that.

Seduction. From the way she says it, it's probably "that" kind of thing.

I feel danger for myself, and most of all it feels bad for this person.

「I'm sorry, I'm, already married」

「Eh?」

「On top of that, I have two wives」

「……it's a lie, right」

「It's true. That's why I can't accept that kind of invitation」

「『Picture Phone』」

Showing evidence rather than arguing, I used magic and created two panels.

It's a magic like a video call. Soon after, the two in the panel answered.

『What happened, Lucio-sama?』

『A-re? There's also Sylvie. Did something happen, Lucio-kun』

When I connected with Sylvia and Nadia, it became a group call.

「Sylvia, Nadia. My bad but, can you let me see your left hand」

『Like this?』

『What, what, are you going to buy something for us?』

The two young wives showed their left hand.

In their ring finger, there's the magic ring that integrated with our body the instant we got married.

「Thank you. I'll buy something later before I go home」

I said that and hung up.

I looked towards the beauty.

The beauty was caught surprised.

「It's like that, so. Do you believe me now?」

When I said that, the beauty suddenly changed.

She sat in the seat in front of me throwing her back to the seat and threw out her feet.

「Ke! What a boring brat. I thought of changing my mood because something bad happened, but I feel worse now」

She suddenly became rough, but that also made her a sexy woman.

「Even so, married at that age, on top of that with two huh」

「Un, that's why you shouldn't pick me up okay. It's a crime in this country after all」

「I won't do it even if you ask me. Really, what a pervert brat. It's because there are people like you that men wouldn't come to us」

I think that that's pretty much on the level of false accusations.

In the first place, I have two wives. If people like me increased, I think that there would be people that would come to them.

I thought, but I didn't say it out.

If I carelessly said that, it might become a troublesome thing.

「The lady there」

「n?」

「If it is fine with you, would you like to go and get a cup of tea」

A man came to the beauty's side, and tries to pick her up.

Well, she's quite pretty, and even she became rough, she was still letting out sex appeal, so it's normal for her to be popular .

「My name is Isaac. Thy beauty, can you let me know you name」

What, it's Isaac!

I looked at him. Isaac, my blood related big brother.

He was wearing showy noble clothes that were remodeled to be showier.

Honestly, I don't want to be involved with him.

He was wearing clothes that you would wonder if he would be successful picking up girls with it.

I don't want to get involved, but……it can't be helped.

「……hello, Isaac-niisan」

「Ge! Lucio」

Isaac who noticed me tripped.

I mean, you shouldn't say "Ge!" to your blood brother right.

「What, are you brothers?」

「It's actually like that」

「Fu～n」

Isaac ignored me, and continued to invite the beauty.

「I do not know who you are, but I will tell you a good thing. He has a good appearance, but even though he looks like that, he is a boring kid that is already married」

「……」

「Rather than being with him, would you not like to play with me. As adults. We can do a lot of fun things you know」

「Well that's true～, it's boring to be with a kid after all. Let's get along together as adults」

「I know, I know, that is why」

「Let's go, Lucio」

The beauty took my hand and stood up.

「Eh! Me?」

「That's right」

「Wha-Wh-Wh-Wh- Why is it Lucio?」

「I told you right? I'm not interested in kids」

Isaac was stunned.

And while that happened, the beauty pulled my hand and started walking.

We went away from cafe terrace, and walked within the crowd.

After we had passed through two boulevards, I complained to the beauty.

「Onee-san, just a little slower」

Actually, we were walking quite fast.

I'm still a child. My limbs are short, and it's difficult to follow the speed of an adult woman like her.

「……」

「Onee-san」

「Veronica」

「Eh?」

「It's Veronica Amall」

She stopped, and looked at me. She had eyes that were as if asking for something.

It looks like she wanted me to call her name.

「I see. I'm sorry, Veronica-san. And also, I'm really sorry, Nii-san was troubled you」

I apologized. Although he's like that, my relative troubled her, I need to apologize.

I should release Mami towards Isaac's place later.

「It's alright. Whatever house it is, there are always people like that」

It somehow sounds like she really felt like that.

Maybe this person also had a hard time with her elder brother or sister.

「Rather than that, where should we go?」

「Eh?」

「What is that, that "eh!"」

「U～un, because, you're already done right. You already escaped Isaac-niisan too」

「The time for adults is from now on you know?」

「Eh? Isn't that an excuse to escape from Nii-san?」

「That man is out of the question. Unlike his appearance, he is too childish」

I agree with that.

「And, Lucio is very mature, unlike your appearance. I thought of that since I first saw you, that's why I called out to you」

「……」

I'm surprised.

「You're more of an adult than I expected, it's out of my expectations that you even have wives though」

「That's not true at all」

「If that's so, that's good too. Rather than that, let's go somewhere」

「It's bad to pick up married people you know」

「It's alright to ask for compensation for the trouble the stupid man did right?」

「……I guess so」

If she says that, I can't say anything back.

Well then, what should we do.

I don't know much about this town though.

☆

We came to the sea that was a little bit far away.

Guernica's capital, Lumo, is near the sea.

We're immediately there when we flew.

When we landed, a long coastline can be seen.

An emerald green sea, that is tens of times prettier than what there is in the world I was before.

「Sea huh」

Veronica was unruffled.

It's the sea near Lumo, so it looks like she's not moved or anything.

「What are you planning to do taking me here?」

「Wait a minute, I'll prepare it right now…… 『Adaptation』」

I casted magic on Veronica and me.

「There, it's finished」

「Was it magic right now?」

「Un」

「I'm surprised. You can already use this many magic at your age」

Veronica said with a smile.

It looks like she liked me more and more.

That there is more than ten thousand of them……I should probably not tell her.

「Now, let's go」

「'Let's go?', where to」

「To the bottom of the sea!」

I pulled Veronica's hand and ran.

It’s the opposite pattern from earlier.

Being strongly pulled, Veronica almost lost her balance.

「W-Wait a minute, if this goes on, we’ll enter we entered the sea」

「It’s fine, it’s fine」

I didn’t mind and continued to pull Veronica, *PashaPasha*, while splashing the water, we went to the sea.

It reached the heel, it reached the knees, it reached the waist.

Veronica was being noisy, but I pulled her to the sea without caring.

We completely entered the sea.

Veronica closed her eyes, and endured by holding her breath.

「You can open your eyes now」

「Eh?!」

Veronica was surprised, she opened her eyes.

She looked around.

「Here……we’re in the sea, right. How can we normally talk?」

「It’s the effect of the magic I casted earlier. This magic, makes one spend time in a place that one can’t usually stay as if they were in land」

「That’s amazing, to think that there a kind of magic like that」

「Rather than that, look, fishes are swimming there」

I walked, towards the direction where there are fishes.

Thanks to『Adaptation』, it doesn't feel like we're in water at all. We can walk normally.

There were fishes swimming there, but we can see it as if they were flying in the air.

It was a strange scene.

「Heee～」

Veronica squatted down.

She matched her eyesight with the fishes swimming on the sea bottom.

TsunTsun, she reached out her finger, and the fishes ran away.

「Waaa～」

Her eyes were shining happily.

「Let's walk for a while」

「Un」

Taking Veronica who was already in high spirits, and took a walk on the bottom of the sea.

We slowly went down the slope.

All that we can see was a different scene compared to land, and even I who took her here was having fun.

「It's amazing that you can think of this」

「I'm thinking of things when I'm reading Grimoires after all. Something like『Where should I use this magic so that it would be interesting』」

「He⌒」

「It would go well most of the time, but sometimes, I also fail」

「Fail, what kind?」

I talked about the things that I failed to do up until now.

It felt that I can boast more of it rather than the ones that I did successfully.

The ones that are failures, has the results that I didn't expect, so in fact, it was quite interesting.

After we had taken a walk, we went up to land.

With a refreshed face,「U⌒n」, Veronica stretched.

「Thank you, Lucio」

Her tone and the way she speaks returned to the mature one when we first talked.

Surprisingly, it might be this one that is truly her.

「I've been quite refreshed」

「Come to think of it, you said that you came to get distracted since bad things that happened」

「Ara, did you not spent time with me with that kind of intention?」

「I'm sorry, I just remembered right now」

「Fu⌒n」

Veronica stared at me intently, somehow, her expression is stiff.

Is she angry that I forgot.

「As I've thought, Lucio is more mature than I expected. More so, compared to that stupid older brother」

「Is that true」

「Un, you're a good man. If you become an adult……that's pretty scary. I can't image of how good of a man you would become」

I wonder.

「I might be a little frustrated」

「Eh?」

「Just nonsense of a woman late for marrying, don't mind it」

She winked at me, as I've thought, she's pretty.

「Well then, see you later. Be friendly with your lovely wives」

「Un, byebye」

I waved my hand, and went separate ways with Veronica.

☆

I brought the shells I picked up on the bottom of the sea as a souvenir, and returned to the mansion.

「Ah! Lucio-sama」

Sylvia came out in a hurry, what is she hurrying for?

「What happened」

「It's serious, it's a visitor」

「A visitor?」

「Yes, it looks like she is the queen of this country before」

「……I see」

Well, she would be in a hurry for sure.

I readied myself.

The ex-queen came, there should be something serious.

I simulated a lot of things, in what occasion, and in what situation, which magic should be used at the best time.

It's before that monstrous fat monster king so she should be quite old.

……it would be hopeful if she isn't a grandma.

「What is that person doing right now?」

「I have passed her to the drawing room. Somehow, she was very troubled」

「I see」

She's troubled huh. Well, thinking of the circumstance why I came here.

「Lucio-sama, what would you do for your change of clothes?」

I thought. It might be better if I casted magic to become an adult with formal clothes.

「No, there's no need to make her troubled more than this」

「I understood」

I reached the drawing room, I entered.

「I am sorry to keep you waiting, my name is Lucio Martien, de, su?」

I'm surprised, I got surprised by the person inside.

The person who was there making a troubled face just like Sylvia said.

It was Veronica whom I was just with earlier.

CHAPTER 55: SHARK DRIVE

「Veronica-san?」

「As I've thought……」

Veronica's face that was as if she had bitten a bitter bug deepens.

「Seeing her, I thought 'maybe', but as I've thought, it's the face when you used magic that time」

She said while looking at Sylvia.

Come to think of it, she saw Sylvia's face on the video call magic.

「Lucio-sama? Did I, do something wrong?」

「No, Sylvia's not wrong at all. Anyways, can you take out some tea」

「Yes」

Sylvia hesitantly left the drawing room.

I sat in front of Veronica.

Both of us were awkward; a subtle air flows.

「Uhmm……for the meantime, I'm Lucio Martien」

「I am named Veronica Amall Guernica」

She bowed gracefully.

I could feel elegance with that gesture, elegance that couldn't be compared to

the Veronica I met in the town.

「 Uhm, I heard that you're the queen before 」

「 Yes, I am the aunt of the current king, Clemente I. He is older though 」

A younger aunt huh. A pattern that usually appears with huge families or royalties huh.

For the meantime, to give a pause, I asked a lot of things.

「 The reason you were troubled after seeing Sylvia 」

「 It's because I saw her on the cafe earlier 」

「 The reason you wanted to get some air because something bad happen 」

「 It's because I was melancholic to go say greetings to Senjukou, Duke Martien 」

「 I see 」

I asked that too, a lot of things had connected now.

「 ……ahh really, what is this, you, you set me a trap right 」

Veronica suddenly got pissed off.

「 You set me a trap to caught me off right. What a despicable man! 」

「 No, no, you're the one who tried to pick me up right? I didn't do anything 」

「 Shut up! It's your fault alright. That's right, magic. You're Senjukou right. With your thousand magic, you seduced me 」

「I didn't use that magic!」

……it exists though.

「No, it's magic for sure. Then, why did a brat like you, look like a man that cool. It's absolutely magic. There is no other way」

Oi oi……

「That's too ridiculous」

「Ha∽……」

She said that all at once, then Veronica suddenly drooped.

「It's all over……the kingdom will fall. It's because I got caught by a trap who's younger than me……」

It's not a trap I'm telling you, also.

「I won't let it fall」

「That's a lie」

「It's true」

Veronica raised her head. She had the face of someone clinging to hope.

「Really, for real?」

「Yes, for real」

「Do you swear on your most important thing?」

「I swear on my two wives, Sylvia and Nadia」

I answered immediately.

Veronica got astonished, and started laughing.

「What's that. Don't you have anything else」

「They're the most important thing for me after all」

Well, they're my wife. Something like a god don't need to come out there.

Veronica looked at me intently and her expression softens.

「I got it. I'll believe you. That was my with my own will. With my own will, I saw a good man, and called out to him」

I think that that's weird too, but I decided to not think about it too much.

「Once again. I am Veronica Amall Guernica. I greet Senjukou, Duke Martien」

She stood up, folded her arms in a unique way, and slightly bent her knees.

It's a unique bow, it felt like some kind of etiquette.

「I'm Lucio Martien. Nice to meet you」

I don’t know about those kind of things, so I replied normally.

「Rather than too formal, I’d be thankful if you would speak frankly. I’m not too good with those after all」

「Is it alright with that?」

「I’d only loved magic, and didn’t study about those at all」

I shrugged my shoulders, and said that as if to joke.

I said it like a joke, but it’s true.

Veronica looked at me, and laughed out.

「Is that so, then can you excuse me then」

「Yeah, that would be nice. I’ll talk like this okay」

I had stopped speaking in child mode quite a while ago, but I declared for once.

Sylvia entered, and left the tea down.

「Thank you」

Veronica smiled pleasantly at Sylvia.

Sylvia blushed. She hid her face with the tray and left.

Un, how cute, how cute.

「They’re really important to you huh. Your wife」

「Un, yes, that’s right」

Veronica got relieved.

「And you're having a hard time with your relatives」

About Isaac huh. ……well, yeah.

Somehow, I remembered about King Guernica.

「Don't you have a hard time with yours too?」

「I do」

Veronica casually answered.

She's quite frank the way she spoke.

「It just became like that with the ministerial terms, but that isn't fit for a king」

It's a pig after all.

「We're both having a hard time huh」

「I guess so」

We nodded at each other.

「Luccioo-kuun〜」

Nadia suddenly entered the room, and jumped at me.

「Ne∽, ne∽, Lucio-kun, I thought about it you know, from awhile, we flew to the sky with Nadia, the three of us right? And then, we're always playing on land right? This time, I thought that we should go play under the sea. Right, let's go play under the sea to the summer place when you used the summer and winter magic you used before. Do you have that kind of magic?」

Nadia said with a machine-gun talk.

It's her as usual, but.

「Wait, wait, Nadia, wait a minute」

「Eh, why?」

「A visitor」

I pointed to Veronica

「Ah!」

And there, she noticed Veronica for the first time.

「Ah∽, arara」

She made an awkward face.

「Ohohohohoho」

She let out an obvious wife-like laugh, and left the room.

Really.

After the door closed, I faced Veronica, and bowed my head.

「I'm sorry. Nadia's usually like that. Just like she looks, she didn't have ill intentions」

「Ahh, I know that. She's good, straightforward girl」

「It's nice if you can say that」

「The girl earlier, is she called Sylvia, that girl is also a good and honest girl. I can really feel that the two of them are living happily with you」

「They're my wives after all」

「Fufu, I also wanted to have that kind of childhood」

「You only need to be a child then!」

Nadia entered the room.

This time, it seems like she was completely eavesdropping.

「Uhh, I'm sorry」

I apologized.

「No, I don't mind. If you want, she can stay」

Veronica answered maturely.

「Rather than that, what do you mean by 'just become a child'?」

「You should ask Lucio-kun to make you a child with his magic. Sylvia and I also turns into an adult sometimes, so the opposite version of that」

「Can you do it? Something like that」

「Well, yeah」

I casted magic to Nadia.

I turned her to her adult appearance, then returned her to her child appearance.

It's a little demonstration.

「That's amazing. I see, you're not Senjukou for nothing」

「You should just ask him to do this. Right, Lucio-kun」

「I guess so」

I thought, and looked at Veronica.

「Are you interested?」

「Is it okay?」

「Yeah」

「If that is so……can I ask you then」

「……I got it」

I stood up, and reached out my hands.

「『Reconnection』」

The light of the magic envelopes Veronica.

Nadia who saw that tilted her head, feeling strange.

「Lucio-kun, Lucio-kun, isn't it different with the usual magic?」

「Ahh. It's a different one. The other one's a magic that makes the appearance an adult's or a child's, but this one also changes what's inside too」

「What's inside too?」

「That's right. While leaving the memories, it returns the personality to when they were a child」

「Heee～～」

Nadia looks at Veronica very curiously.

And within that, Veronica's body gradually shrinks.

After a while, when the light settles down, there was the appearance of a child there.

She has similar facial features.

It's a girl that's a different type from Sylvia and Nadia.

A type that would become a beauty (She's in fact a beauty), her face was full of confidence.

I see, Veronica's like this when she was a child huh.

「This is……me?」

Veronica looked at her hands, and got surprised to her own hands becoming soft and small.

「『Mirror』」

I created a mirror using magic.

The size that can show her whole body.

「How nostalgic……it is me at that time」

☆

Sylvia, Nadia, and Veronica.

With the three, I'm on the bottom of the sea once again.

「Kyahhoi～」

Nadia was running around the bottom of the sea.

「Nadia-chan, it's dangerous if you run like that」

「It's okay, it's okay kyaa!」

Nadia tripped.

「Look now! Are you injured somewhere」

「Kyahhoi～」

Immediately standing up, Nadia ran once again.

Sylvia chases her around while scolding her.

It's the two as usual.

The one who's not as usual, is Veronica.

「Here now, start walking」

Right now, she's on top of me.

I mean, she's riding on my shoulders.

「Don't you like to walk?」

「I feel like doing this」

「I see」

I nodded

Somehow, she's being spoiled, but this isn't much.

How can I say this, she has an atmosphere that allows that.

An atmosphere that makes one listen to her spoiled words that isn't domineering.

「It is very fun」

「It's more fun walking you know. Sylvia and Nadia are having that much fun right」

「It's also fun like this」

Riding on my shoulders, she hugged my head.

That's fine too, but, is this really, fun?

「Lucio-kun, Lucio-kun」

Nadia returned.

「That」

The place Nadia was pointing at was a huge shark.

It's a huge shark that was about five meters long.

「I want to ride that」

Nadia stared at me with an excited face.

Eyes full of expectations, if my wife looks at me like this, it can't be helped then.

Even if it's domineering, I would want to listen to her selfishness.

That's right, I decided, if it's in front of my wives, I would be a superman.

A superman that can do whatever they want me to do.

While carrying Veronica on my shoulders, I turned towards the shark, and reached out my hand.

「『Brain Wash』」

I casted brainwash magic.

The light of the magic enveloped the shark, and finally, the shark went down while shaking its huge body.

With its fierce face, it rubs its cheeks to me.

It was hard for it to hold back with its huge body, so it felt like it was tackling.

It feels like a huge dog playing around.

Coming to my side, Sylvia and Nadia had faces full of expectations

「Well then, let's ride」

I reached out my hands to the two.

☆

Within the sea, on the back of a shark.

Sylvia and Nadia held their hands while riding.

The two was getting along with each other, and looking at them makes me feel happy.

On the other hand, Veronica's on top of me, our position's the same as earlier.

Veronica rides on my shoulders, while I'm riding the shark.

「Don't you like to ride the shark?」

「No desuwa」

「Don't you want to experience it at least?」

「At least, no」

I was completely refused.

"Does she hate sharks", I thought, but Veronica's expression when she refused looked like she was having much fun.

At least, being scared or disliking it wasn't the reason why she wouldn't ride.

If that is so, I can't force her huh.

I didn't ask her anymore after that.

The four of us rode sharks, and took a drive under the sea.

It has a different way of enjoyment compared to flying in the air as usual.

☆

The drive ended, and we returned to land.

I removed the magic on the sharks, and returned them to the sea.

The sun has completely set.

「Well then, let's go home now」

「Un!」

「I'll make food when we got back then」

"You can take your time", I said to Sylvia.

I looked towards Veronica.

「Well then, I'll remove the magic there okay」

「You're going to remove it?」

Nadia got surprised.

「Yeah, 『Reconnection』 is a persistent magic. If it wasn't removed, it won't return to normal」

「He〜, then, it would be bad for those people that couldn't remove it」

「That's right」

I reached out to Veronica.

Veronica runs to my back.

「No, desuwa!」

「What happened」

「I don't want to return to being adult」

「Even if you say that」

「Anyways, I don't want to! It's this much fun, I want enjoy this, more and more」

Saying that, Veronica ran away. She quickly took distance.

Astonished, we were left behind.

After a while.

「I only need to return her when the time comes, so, it's okay?」

I whispered, I thought of that for the meantime.

「こんな魔法もありますのね…」
「キミもサメに乗ってみる？」
「わぁ…お魚さんがいっぱい…」
「きゃっほ～い！楽しいね～!!」

CHAPTER 56: DRAGON AND HAUNTED MANSION

Night, when I was relaxing in the mansion's living room, Mami who was lying down on my side suddenly stood up, and ran towards outside.

「It's Isaac again huh」

A scene that I'm really used to now, I was like "Yareyare".

After waiting for a while, Mami returned.

She's pulling a tied up thing as usual.

「Release me! Who do you think I am?」

「A-re〜?」

I couldn't help but raise a dumbfounded voice.

The one who was taken to me tied up wasn't Isaac, but Veronica in her child form.

「Mami?」

「Trespasser」

Mami answered just as usual.

Her words are not plenty, but she seems proud.

She had an expression saying, "I took out a prey so praise me".

I patted Mami. Mami got satisfied and returned to her place to continue to lie down and relax.

I removed the ropes from Veronica.

「What was that right now, I was surprised」

「That's my line. Why did you trespass? Didn't you go home?」

「I returned once, but they could not tell it was me when I returned to the mansion, so I was very troubled」

「Well, that can't be helped right」

It's a world with magic, but the difficulty of the magic itself is high.

For the previous queen to appear claiming she was turned to a child with magic, it's not impossible, but it's something like seeing a white crow.

「I got it, I'll take off the magic」

「That is not needed」

「Eh?」

I got surprised.

Then, what did she came for?

「Didn't you come for me to take the magic off?」

「I do not want that. Yes, I do not want that even if I die」

「Then, the reason you came here is?」

「Please let me stay」

「……eh?」

To understand Veronica was saying, it took me quite a while.

☆

The three just came out of the bath, all of them were wearing pajamas.

Sylvia and Nadia's appearance that I'm used to, and Veronica's pajama look that I saw for the first time.

「That is?」

I asked Sylvia.

「I lent her a new one. Thank goodness, it fits her」

「Well, your body figure is almost the same after all」

I mean, I made them the same.

When using『Reconnection』, an image for what age would I return her is needed, so I imagined the same age with Sylvia and Nadia who I'm used to seeing.

That's why right now, Veronica has the appearance similar to the two, about eight or nine.

That three, they stood lined up wearing pajamas.

They were quite cute, and it was a scene that makes me warm.

「Well then, princess, I will guide you to your room」

「Yes」

Sylvia took away Veronica.

I returned to our room with Nadia.

「She's a very interesting person huh, Vero-chan」

「Vero-chan?」

「Veronica's Vero-chan」

「You gave her a nickname」

「Un」

We returned to our bedroom, and the two of us climbed on the bed.

When we reached our usual position, Nadia looked at me with a smile.

「Today was very fun, thank you Lucio-kun」

「That's great」

「We dominated the sky, the sea, and the land. Where should we go next. I wonder what else there is」

「Let me think～」

I lied on the bed, and thought.

We went to the land, sea, and sky once, so the remaining is underground and space, but is there an outer space in this world?

It might be fun trying to test if I can go to the outer space using magic.

「I'll think of some」

「Un! Until then, let's go play in the sea more!」

「Yeah」

When we were talking like that, Sylvia returned.

「Lucio-sama, sorry to keep you waiting」

「Yeah. Her?」

「I guided her to the guest room. And also, I made Mami-chan Coco-chan」

It's Sylvia's good decision.

If it's Mami, she might tie up Veronica again.

I mean, rather than our house's dog, the cat is more like of a guard dog.

Sylvia closed the door, and slowly came on the bed.

And as if she was waiting for that, Nadia also moved.

Sylvia on my left, and Nadia on my right.

In our usual position, the three of us sleep on top of the bed.

Hand in hands with each other, and slowly sink our feelings.

Today was a good day, today should be a good day too.

「Good night, Lucio-sama」

「Good night, Lucio-kun」

While thinking of that, I slept with the two.

☆

「 ma, ……sama 」

「 U……n 」

「 Lucio-sama 」

I awakened with my shoulders being shaken.

I can't see anything. The surrounding is dark, as if it was deep in the night.

I knew even so, Sylvia was looking down at me from above.

「 What happened, Sylvia 」

「 Lucio-sama……a crying voice 」

「 Crying voice? 」

I sharpened my ears, I could hear a crying voice from somewhere.

It's a crying voice of a young girl.

This is……probably.

「 I'll take a look for a bit 」

I tried to go down from the bed, but I was held on.

Sylvia grabbed my sleeves tightly .

「 What is it, Sylvia 」

「 Lucio-sama……are you going? 」

「 I can't check on her if I don't go right? 」

「 But…… 」

My eyes gradually got used to it, and I could finally tell Sylvia's expression.

Sylvia had the face that was about to cry.

There's a part of her that is quite cowardly.

She's scared of cockroaches, she wets the bed, and she's even frightened with the crying voice of a girl right now.

Well, it's normal to be afraid with the last one though.

「Don't go, please……」

「Well, that's fine too though」

After all, the crying voice is probably Veronica; if I'm asked if there's a need to check on her, well, there isn't.

If there's really a bad thing that happens in this mansion, I should be able to sense it.

Since there's none of that, it isn't that much.

This is just my guess, but she's probably home sick.

Then, I should leave her when I was thinking of that, the crying voice gradually got louder.

No, the voice is getting nearer.

「Lucio-sama……」

Sylvia clings onto me more and more.

「It's……scary」

「For the meantime, I'll go check it」

「Please don’t go!」

U〜n, I’m troubled. What should I do then?

I thought, and remembered a certain magic.

I casted it on Sylvia.

「『Silent』」

It’s a magic that erases the surrounding sounds.

「A-re? The voice……」

Sylvia got surprised. It looks like it worked properly, and she couldn’t hear the voice anymore.

The crying voice is still continuing. I can hear it, but Sylvia looks around, and tilted her head with her ears towards it, trying to hear.

I grabbed her hand.

I erased the voice, and held her hand strongly. With that, it looks like Sylvia was relieved quite much.

I should stay like this with her for a while when I thought of that.

「Why did you not come!」

Pa〜n, the room’s door was opened as if it was hit.

Veronica appeared there.

Hugging her pillow on her side, she glared at us with teary eyes.

It looks like she was really the one who was crying.

「Sorry, sorry, I was planning to go later」

「Please come faster!」

Veronica closed the door.

And then, I could hear a crying voice again.

……uhh, do I need to go?

I looked at Sylvia, she saw Veronica's appearance, but she couldn't hear her, so she tilted her head thinking of her strangely.

Well, well, what should I do when I thought of that.

「Why are you not coming!」

The door opened again.

Veronica was more and more teary eyed.

I laughed bitterly.

Sylvia removed her hand from mine.

She smiled beautifully, and pushed my back.

"I'm already alright", she said with her smile.

I returned with a smile, and went towards Veronica.

「What happened? You can't sleep?」

「W-What's happening in this mansion?」

「Mansion?」

「It came out」

「What did?」

「Ghosts」

Yes, yes.

The usual ghost it is huh.

She should just say she's scared honestly is she is.

Well, she probably can't say it.

Veronica who became a child with 『Reconnection』 seems like she's spoiled.

And also, she became not honest.

She's an obstinate child, she really feels like that.

「It's true, it really came out」

「I know, I know」

「It's true!」

Veronica insists.

「Anyways, please come!」

「Yes, yes」

I left the room with Veronica.

The two of us walked through the dark night hallway.

She grabbed my sleeves tightly. She's like Sylvia.

While giggling, I came with her to the guest room.

I opened the door, and entered together.

It's a very typical room.

「See, there's nothing 」

「Papa!」

A girl's face suddenly appeared from the ceiling.

「Kyaaaa! It came out!!」

Veronica left me alone and ran away.

Ah〜, I see.

I've completely forgotten. That's right, "it" comes out in our house.

The existence that materialized from Grimoires.

A ghost that the more Grimoires I read, the more she materializes.

Christina, nicknamed Chris.

「What happened, Papa. You're making a difficult face you know?」

「I'm wondering how I should apologize to her」

☆

When I returned to the bedroom, Veronica was covering her head with the bedding, and I could see her trembling.

Sylvia and Nadia also got waken up, and was looking at Veronica with a troubled face.

I turned away the beddings, I saw Veronica teary eyed.

Somehow, I really felt bad for her, so I want her to feel relieved.

「……『Transform：Dragon』」

I used magic, and changed into a dragon.

The huge body of the dragon that barely fits the room lied on the side of the bed.

「That, is……?」

Veronica raised her head.

「I'll protect you, so go sleep well」

「You will……protect me?」

「Ahh」

Honestly, there's no meaning. There's no meaning with changing into a dragon itself.

If there was a battle, even if I don't turn into a dragon, I can use magic after all.

This is only, making my appearance fitting.

The appearance of a dragon that is the symbol of strength.

Did that do its job, Veronica stopped crying.

「Please……always be with me okay」

「Ahh」

I nodded, and Veronica's expression clearly got relieved.

Well then, we could now sleep with this huh.

「Ne∽, ne∽, Lucio-kun」

Nadia talked to me.

「What is it」

「Can I sleep with Lucio-kun?」

「With me, you say?」

What does she mean?

Nadia went down from the bed, and cuddled her body against mine.

As if to be clinging to a huge cushion, she hugs me.

Of course, I don't mind, without saying anything, I patted Nadia's head with my wings.

Sylvia also came. She clung to my side just like Nadia did.

I patted the two's head at the same time.

「……」

Suddenly, I noticed Veronica looking at me.

Left alone on the bed, she was staring at me intently.

「You want to come too?」

I asked. I thought that she'd become obstinate and refuse, but.

「……」

Veronica nodded, slowly came to my side, and clung onto me just like the two.

「Good night」

Someone said, and after that, there were no more words.

Girls protected by a dragon Veronica started to sleep soundly.

Enveloped by the sense of security, in the safest place in the world.

CHAPTER 57: OJII-CHANZ

「Dear Lucio」

「My Senjukou」

One day, Ojii-san and the King came together.

I got surprised to the two who stood together in front of the entrance.

「Ojii-chan, and also Ou-sama. What is it suddenly?」

「We came to play. Isn't that right, Abe」

「Umu, I came invited by Luka」

The two talked very frankly to each other.

They're really getting along as usual.

But……they came to play, they said.

It's alright with Ojii-san, but isn't that bad for the King?

The minister would be crying again you know.

「It's alright, my Senjukou」

My heart skipped a beat.

The King said as if he read my mind.

「I have no slips this time. To be sure to not let anyone know, I properly asked casted on magic that changes recognition. The me right now should only be seen as an old man other than the ones who know me」

「Hee～, there's a magic like that huh」

I haven't learned it, but well, it isn't strange if it exists.

I have learned quite a few magic spells that are more than that.

Well, if that is so, it's alright huh.

「Then, come on up」

I invited the two to the mansion, and passed them to the living room.

There was Veronica there.

She was on the sofa leisurely, and was drinking the tea Sylvia made.

Ojii-chanz who saw her tilted their heads at once.

「Umu? Lucio, who is that girl?」

「E～o, she's my friend」

「Hou, my Senjukou's friend」

「Isn't she quite a lovely girl」

「Umu, she matches well with my Senjukou」

No, no.

Saying that she matches well with me suddenly.

Well, with the appearance of her age, that might be true though.

And when I was thinking of that, the King approached Veronica, and talked to her.

「Nice to meet you. Can I ask little lady's name」

「Nice to meet you too. I am Veronica Amall Guernica desuwa. You are?」

「I am Abraham the Third」

Wait, wait, why are you two saying your real names?

Of course, the atmosphere petrifies.

「I am Luka Martein」

Nobody was listening to Ojii-san's self-introduction.

「Fumu, I know a girl that has the same name as you. She is not as young as you are」

「I also know a name that is similar to yours. He is not an ordinary old man like you though」

No, the two of you, both of you are the real ones.

The King, and the previous Queen.

Depending on how you look at it, this, isn't it something like a summit.

The two stare no, glared at each other for a while.

Finally, the two talked to me while glaring at each other.

「Come to think of it, my Senjukou. Do you have something you're troubled with recently?」

I'm pretty much troubled that the King is frequently coming to another kingdom.

「Ne～, Lucio. Where are we going to play today?」

It's not a situation that we can go out and play.

When I wasn't being able to answer, there were more and more sparks between the two.

To this situation that can't be solved with magic, I was very troubled.

☆

Luggage is being carried into the mansion from the carriage in front of it.

Most of them are Grimoires.

The King, to make me read them; Grimoires that were taken from the Royal Grimoire Library.

Speculating from the amount of the luggage, about a thousand books. And from how I looked at their covers, all of them are ones that I haven't read yet.

Honestly, this is quite thankful.

「Thank you very much, Ou-sama」

「No, no, it is nothing. It is for my Senjukou, something like this isn't much」

「But, next time, I would be happy if you tell me in forward. I'm surprised that it suddenly came」

「Well, because, I wanted to see my Senjukou's surprised face」

Don't act cutesy……

「Please, Ou-sama」

I looked at him straight, and begged with looking from below.

「Mumumu, I got it. If you insist that much, it can't be helped. Next time, I'll send a messenger before coming」

「Thank you, Ou-sama!」

When I said thanks, the King was moved.

「Lucio」

This time, Ojii-san talked to me.

「What is it?」

「Look at this 『Icicle』」

Jii-san reached out his hand.

He used a magic, and created an ice pillar.

I got a little surprised.

「Ojii-chan, you remembered a new magic?」

「Umu, the Grimoires that Lucio recommended, I could read that」

「Amazing」

「It's all thanks to Lucio. Hey, dear Lucio, what Grimoire would you recommend to me next?」

「Uhmm, then, I suggest Blast Stone for the next one I guess? I think that that was easy to read. That should also be in Ojii-chan's place」

「Umu, I'll read it immediately after I go home」

Ojii-san nodded with a full smile.

And there, the King interrupts.

「My Senjukou. Are you not troubled with your lifestyle?」

「Lifestyle, u〜un, I'm okay?」

「I see. In addition to the regular salary of a Duke, I had added 50% for the business trip bills, so if it's not enough, you can tell me anytime alright」

「50%?」

Wait a minute, that's a huge amount you know.

「It's not enough right, there's a lot of expenses in a land that you're not used to. I also said that, but the minister was so unwilling」

No, no, no.

Thank you, minister, good job on stopping him.

「I know, my Senjukou has two wives right. Yosh, when I return, I will make you have family allowance」

「Stop it, Ou-sama. I don't need that much. The salary up until now is already too much」

I mean, a Duke of a kingdom receives a high amount. The amount originally is already enough for hiring a hundred servants.

If there were additional things to that, it's a little scary.

That's why I stopped him in a hurry.

「I see……」

「That's true, Abe, there's no problem in money. Lucio, I'm thinking of sending Amanda here」

「Amanda-san?」

「That's right. Lucio's two wives also do chores right? If that is so, I thought that a maid that Lucio also knows quite well would be great on taking care of personal things instead」

「That is, un, I guess so」

I remembered the time when I was living in our family house, it's true that Amanda is very helpful.

If she is here, the more that I would be able to play with Sylvia and Nadia. Ojii-san's words are completely correct

「Then……can I ask you that」

「Umu, I'll send Amanda here after I return」

「Thank you, Ojii-chan」

「Fufun」

Ojii-san snorted his nose very proudly, and the King was groaning.

Ahh～……I might've done this wrongly.

「My Senjukou. If it's a maid, there's a lot of them in the palace. I'll also send one super maid」

As I've thought, he started to compete.

Ojii-san and the King. The more that the two get along, the more that they compete with each other.

On top of that, they would compete on things that wouldn't leave seeds of trouble in the future, so it's difficult to stop, and I'd get troubled.

「Let me think, a hundred people should be enough right」

「Lucio, do you want dried persimmons that you ate when you were young? I'll send you a lot of them next time」

Really, I'm troubled.

I feel troubled, but for some reason, I'm happy.

Because, the two are really lively when they compete against each other.

CHAPTER 58: SEARCH ERROR?

「You're late!」

After I had sent out Ojii-chan and the King, I was immediately scolded by Veronica when I returned to the living room.

「Sorry」

「Chase away old men immediately alright」

「No, I can't do that」

「Well, whatever. Well then, rather than that, where are we going today?」

「Un? What do you mean by going?」

「To play!」

Veronica smiled pleasantly.

It's a spoiled, selfish smile, but a smile that I can't somewhat hate.

「We're going. Now, think of something」

「Is it already decided that we'd go」

「Of course」

「Let me think…… 」

I don't really mind playing, so I thought.

I thought of how to play, what kind of magic to use, just as usual.

「This is bad, Lucio-sama」

Sylvia entered the living room.

She seems to be quite in a hurry.

「What happened」

「The floor of the room that the books are placed was broken」

「Ah∽, that's bad∽」

It finally came huh, I thought.

Books are heavy after all∽. It can't be helped that the floor would be broken with the amount of books the King brought.

I came to the room where the Grimoires are brought in with Sylvia.

Veronica also followed.

Inside the room, there was really a hole opened there.

I went to where the broken floor is, and reached out my hand.

I used repair magic, and returned the floor back.

It's an easy magic.

「Even so, the Grimoires had increased so much huh」

「That is true……」

「Ah!」

I remembered something, and told Veronica who was clinging to me.

「It would be probably better if you don't go near here as long as possible」

「Why is that?」

Veronica got dubious.

「Is there something bad for you if I go near here?」

「No, it's not something bad……」

『Pa～pa!』

Chris came.

「Kyaaaaaaaa!!」

Veronica ran away from the room while screaming.

I told you, this would happen.

Veronica is not good with ghosts, and with a meaning, Chris is something like a ghost.

If they met, well, it would be like this.

「Protect the Grimoires, they're important after all」

『Un!』

「Sylvia, can I leave the rest to you」

「Yes」

I said that to the two, and chased after Veronica who ran away.

It's not a mansion that is very wide, so I found her quickly.

Veronica was crouching down in the corner of the hallway, and shaking her

head while hugging it.

「It came out it came out it came out it came out it came out」

She repeated like a broken record.

Ah～ah～, she's really frightened.

「Veronica」

「Hii!!」

I only called out to her normally, but she was scared that she almost jumped.

I feel bad for her.

「What is that really! What was that! Is that possessing this mansion?!!」

「Sorry, sorry. Uhh, I'll tell her to not leave that place, so don't worry 」

『Papa, there's a fake one within the Grimoires～』

When I was about to say that, Chris appeared.

Achya～, I thought, and looked at Veronica.

「……」

Veronica with an absent-minded face.

She staggers to the ground, *Jyo *, she peed.

「Higu!……」

And.

「Byeeeeeeeeeeeeeen!!」

She started crying seriously.

☆

「O〜i, are you alright now」

「Please do not enter!」

A pillow was thrown to me.

「No, it's already 」

「Please leave!」

The instant I entered her room to check on her, I was thrown out.

I couldn't help but go out.

A moment of placing my back on the hallway's wall.

Sylvia came out from inside.

「How is she」

「I helped her change」

I nodded. I asked Sylvia to take care of Veronica who peed.

「It would've been faster if I did it with my magic. It's would be an instant if I used『Dress Up』」

「You should not」

Sylvia unusually told me with a strong tone.

「If you do that, Veronica-san would be more and more wounded」

「Is that so?」

Rather, isn't it better to hide evidences instantly with magic?

「It is like that」

「It's like that huh」

I don't get it, but since Sylvia insists that much, it's probably like that.

After all, when we just met .

「Lucio-sama」

She glared at me. Un, I should try my best to not remember.

「Anyways, I will do the rest, so Lucio-sama should forget that already」

「I got it, thanks」

「You're welcome」

Sylvia left. Veronica finished changing, but there's still the cleaning up of where she "did" it. She's going there.

Well, what should I do. I should go to where Chris is once, and tell her to not leave from there whatever happens huh.

If this continues, Veronica would get afraid after all.

Gacha, the door opened.

In her young girl form, Veronica who was wearing Nadia's clothes, she glared at me with teary eyes while hiding her body with the door.

I really feel bad for her. I should make it up to her somehow.

「Are you okay 」

「Please take responsibility」

「Eh?」

「Please take responsibility!」

She shouted at me loudly.

Responsibility, you say……what of?

「You saw a maiden's embarrassing place, so please take responsibility!」

「Even if you say that… 」

With something like this how should I take responsibility?

When I wasn't being able to get that, Veronica came out from the door.

With teary eyes, she glared at me more, and said as if she couldn't hold it anymore.

「We're going out to play!」

「Eh?」

「To play. Let's go」

Saying that, Veronica pulled my hand, and forcefully took me out of the mansion.

☆

With Veronica, the two of us came out of a hole.

The hold is an ant's nest, and we got small up until now and entered.

The instant we got out, I returned our side with magic, and sat on the ground just like that.

「That was fun」

「That's good then」

「You can also do something like this huh」

「I did a similar thing with Nadia before」

At that time, the opponents were cockroaches……well, she might cry again if I told her that, so I decided to not tell her.

We became small with magic, entered inside, defeated the ant soldiers, and defeated the ant queen.

Veronica enjoyed a lot.

I took out a lot of weapons with magic, and we defeated them using those.

「However, you're really amazing」

「W-What?」

「Your laughter when you were defeating ants. 『Ahyahyahyahyahya』, normal girls won't do that you know. Even children who throws water on ant nests don't go that far」

「I-I did not do that. It is not good creating nonsense you know」

「Eh〜」

I used magic. The video that I caught along the way was shown in the air.

『Ahyahyahyahyahya, die die die die dieeeeee!!!!』

The scene where Veronica was defeating ants in here "zone" was shown.

「Ah! You were also saying "die"」

「Kyaaa, kyaaaaaaaaaa!!」

She tried to take off the video in the air by swaying her hands.

「What is this, what on the earth is this」

「A video I took with magic」

「Stop it make it disappear right away」

「I got it」

I did what she told and made it disappear. ……I can make it appear again if I want to though.

「Really, you're really」

「I'm sorry alright」

I couldn't help but do it, no regrets.

Haa〜, Veronica let out a deep sigh.

And with that, her face and her tone returned to normal.

「You're really……you do anything with magic huh」

「I'm even called Senjukou after all」

「You have read a thousand Grimoires huh」

「No, it's about time that I'd exceed ten thousand」

「What a ridiculous person」

Veronica said that, but she seems to be enjoying.

Young girl version Veronica, that smile of hers was very lovely.

A lovely smile that is a different type from Sylvia and Nadia.

What a lovely smile.

「It was very fun, so I will forgive you」

「Thank you」

「I'm jealous of those two. To be able to spend everyday just like this, they're the happiest wife in the world」

I'm doing it with the intention of making them the most happiest in the world after all.

「Ne～, can you spend time with me just a little longer?」

「Ahh, there's no problem」

I don't really mind, it's also quite fun to be together with Veronica.

「Well then, let's have some tea」

「Tea?」

「Yes. In that place where we met, in this appearance」

「I got it」

I nodded, and stood up.

「Well now, let's go have some tea」

Veronica stood up, and reached out to my hand.

「Ah!」

I heard a voice from the side.

It's a familiar voice. When I turned around, Simon was there.

Simon Simpson.

The man who guided me when I first went to the palace.

Simon looks at Veronica and me, and made a complicated face.

What is it? That face.

Simon thought about it a lot, and with a resolute face, to the soldier that was passing by, a soldier wearing normal armor.

「Ahh, you there, I am affiliated with this」

He took out a card-like thing from his waist, and the man who was called out stopped, and made a salute.

「Good day to you sir」

「Please catch this girl」

「Ha!」

「Wait」

I got in between.

「What's that, what does this mean?」

「Martein-sama is married, and she is flirting with that Martein-sama」

Simon answered with a serious face.

……ah!

I remembered about that day.

Before we got to the palace, Isaac did something again and got caught.

It's the same with that.

It's true, looking from the side, it would look like she is inviting me. No, in fact, she's inviting me, and this is also, with a meaning, a date.

And Simon knows about that, she knows that I asked for Isaac to be punished.

「What are you doing! Remove these hands, who do you think I am? I am Veronica Amall Guernica you know」

Veronica shouts, but the soldier man won't remove his hands.

No one believes that she's the previous queen right now.

Should I return her back? No, that would make the things more complicated.

It's true that she invited a married person. If I return her here, the situation would be more messy with a Duke and a previous Queen.

If that is so .

Two years since I started using magic, I who have already been used to it, immediately thought of "a magic that would solve the situation".

「『Magic Ring』」

A ring appeared from my palm

"Ah!", Simon let out a voice.

It should be still within his pocket, the Grimoire of this magic.

A Grimoire's magic that creates a wedding ring.

I passed that to Veronica.

「There's no problem if she's my wife right?」

I said that to Simon.

CHAPTER 59: THE THIRD WIFE

When we got to the mansion, Veronica immediately hid in her room.

I took a breather in the living room, and Nadia came there.

「Did something with Vero-chan? She ran to her room with you know」

「Just a little, a lot of things happened」

「A lot of things?」

Nadia asked me without letting go.

「Well, a lot of things」

I can't say that really.

To say that I gave her a ring in that situation, and declared that she's my wife.

「U〜n, for Lucio-kun who would always talk about anything couldn't say means……」

Nadia thought about it.

Nadia who had a quite sharp mind. Maybe .

「She peed on herself outside?」

「She didn't!」

That would've been better!

「Haa～……」

「Aryarya, how rare, to think that Lucio-kun would let out a sigh」

“Should I just tell her everything”, I thought.

Pan!

The door opened, and it hits the wall.

Sylvia entered. Somehow, she’s really angry.

「Sylvie?」

Nadia got surprised. She had an expression that even her best friend got surprised.

Sylvia stomped to where I am, and stood in front of me.

「Lucio-sama, you’re so bad!」

「B-Bad?」

「Yes! I heard it all from Veronica-san」

「……ah～, she told you huh」

She’s angry because of that huh. Well, that should be the case.

I seiza-d on top of the sofa; no particular reasons.

Looking at that, Nadia widened her eyes on the side.

「Why is it, Lucio-sama!」

「Uhh……un, sorry」

「Please don't apologize to me!」

Of course.

「Rather than that, please go immediately to where Veronica-san is. Please properly put it on her with Lucio-sama's own hands」

「Ahh, I'll do that un?」

This is strange. What did Sylvia say right now?

I raised my head, and looked at her.

「E〜to, Sylvia?」

「What is it!」

「What did you say right now?」

「I'm telling you, that! Please go immediately to where Veronica-san is immediately, and put it on her with Lucio-sama's own hands If you don't do that, Veronica-san is pitiful」

「Ehhhhhhh」

Nadia raised a surprised voice.

「Is that true, Lucio-kun?」

「Well, yes…… 」

「Are you serious? Are you sane? Did your head broke?」

Far straighter than Sylvia, she cursed at me without holding back on her words.

I was prepared that I'd be angry at, but I feel like it's a little bit off.

「Uhmm……why are the two of you that angry?」

When I asked, the two got red similarly.

The two got angry at the same time.

「「It's wrong if you don't put it on her properly right!」」

「……」

My thoughts stopped.

I didn't understand what I was told immediately.

Meaning……they're not angry because I gave her, but the way I gave it to her was wrong?

「You're so bad, Lucio-sama, that's the worst way to propose」

「That's right! To just give her a ring and not place it yourself, that's so wrong! In things like this, Lucio-kun should put in on her properly」

「I'm so disappointed!」

「Something like this, I'll return it hey, it can't be removed!」

Nadia tried to remove her ring and throw it, but the magic ring is combined with her body so it couldn't be removed.

The two shouted at me with all the words that they could say, and their expressions are unusually in angry mode too.

「Wait, wait, please wait a minute. The two of you, is it alright for you if I proposed to another girl?」

「Eh?」

「Eh?」

The two was dumbfounded.

Haven't they thought up to that.

But, in contrary.

「Why is it bad?」

「Un, why is it bad?」

「No, because……I proposed……」

「It's going to increase you know? Lucio-sama's wives」

「Un! If there were one more, it would be absolutely more fun」

「It's exciting right, if we become four, what should we do」

「First, let's fly to the skies together, call out two more of Lucio-kun, and let's fly to the sky with everyone」

Sylvia and Nadia, the two joyfully talked about their plans on how to play.

I organized the situation.

It means, the two doesn't have anything to say at all about me increasing my wives, and they're angry because of how I proposed to Veronica, huh.

No, actually, I also don't have any problems if I increased them.

Just like Sylvia and Nadia said, if we increased from a family of three to a family of four, the things that we can do would increase so that's something to look forward to, and in this two or three days, it was very fun to be together with Veronica.

That's why, I would be happy if Veronica would be my third wife.

「Wait, the two of you, it's not like that」

I stopped the two who was horsing around.

I explained the flow of events to up until I gave Veronica a ring.

I emphasized that it just became like that.

「It was like that huh……」

「What, that's it, che∽」

The two was disappointed.

If they understand the story, I get their feelings.

Somehow, I was also disappointed.

The two was really having so much fun talking about the plans on playing around together with Veronica, and I was even looking forward to it.

「I'm sorry, Lucio-sama, it was a false alarm」

「Sorry, Lucio-kun」

The two apologized.

「But, Veronica-san is confused, so it would be better if you clear the misunderstanding」

「I'll do that」

☆

I knocked at the guest room's door.

「……yes」

Just a little bit late, I heard her response.

I entered inside. Veronica was hugging her knees while sitting on the corner.

She was glaring at me intently when I entered the room.

Well then, how should I apologize.

「E〜to……」

「Am I a mistress?」

「Come again?」

「I am asking if I'm a mistress!」

She stood up abruptly, and asked while getting very angry.

「Sorry, I really don't get it. Why are you talking about mistresses?」

「I heard it from Sylvia. That you put their ring on them yourself」

「Ahh, that's true」

「The two of them had you put a ring on them yourself, but in my case, you just threw it……since I am below the two, am I not a mistress」

…….

I couldn't think of that!

Veronica stomps as she got near me.

She pushed the ring to my chest.

「I do not want to be something like a mistress. I won't accept other than being a wife」

「A-Ahh」

「That's why, I'll get it next time」

「……eh?」

Nekst time? Nest time? Next fine?

……don't tell me, it's next time?

「Next time, you say……what do you mean」

「Of course, I mean that until you put this on me yourself, until you accept me as your wife, I won't accept this」

「……」

「I'll say this once again. I don't want to be something like a mistress. I'd never accept other than becoming a wife just like those two」

「……pu!」

I couldn't help but laugh, and I laughed out loud.

Ahh, somehow, it's really interesting.

And, I'm strangely happy.

「I-Is there something weird?」

「No, there's nothing, it's not weird at all」

「Then why?」

I received the ring from Veronica.

「Veronica」

I looked at her straightforwardly.

「Will you marry me?」

「……eh?」

「You will be the third one, and the requirements is to get along with everyone after we do, but if you are fine with that」

I took her left hand.

「Will you be my wife」

She was stunned and lost her words.

Just a little late, she understood what I meant, and her face was blushed.

Confused, but she didn't refuse.

Finally, she nodded timidly.

She was red to her ears, and stared at me looking from below.

Anticipation.

「It is still a long life」

「……」

「Let's enjoy it happily and freely」

「……yes」

Veronica nodded emotionally.

I put the ring on her.

The magic ring, became one with Veronica’s ring finger.

CHAPTER 60: KICKED BY THE HORSE SANZU RIVER

「This ring was something like that?!」

On the top of the bed, with my three young wives in their pajama look.

After she heard about the effects of the wedding ring that I made with magic, that it would be broken into pieces if one haves an affair, Veronica was super angry.

「You didn't know?」

I was a little surprised.

Simon is also trying to do it, so I thought that it was pretty normal.

「I am not boasting, but other than the Queen's job, I don't know about anything」

「That's really not boasting. No, it might be enough to boast of huh」

I mean.

「Why are you angry with that?」

「Do you not understand until it is said to you? There should be no woman that would be happy getting monitored by this」

「Ah〜」

I see, monitored huh.

Un, this ring also has the means for monitoring right.

I mean, that part is most probably the main huh.

For the ring to get crushed when one cheats, it's nothing other than a monitoring tool.

There's no way that Sylvia and Nadia would cheat, so I had completely removed that from my consciousness.

「Are you making fun of me? Even if you do not give something like this, I will never cheat!」

「I see, I'm very sorry」

「Hmph! It's fine though!」

Veronica crossed her arms, and, *Pui*, turned her face.

「Should I prepare something else」

「Are you saying, give back the thing you gave once?」

Giro, I was glared at.

It's not scary, but rather, it's quite cute.

「You're saying you'll always wear it」

「Of course desu wa」

「Ne～ne～, rather than that, Vero-chan」

「What is it」

Veronica looked towards Nadia. Her expression was very softer than when she looked at me.

「I heard it from Lucio-kun, he said that you entered the ant's nest with the two of you」

「Yes, we did enter」

「How was it? Was it fun? Sylvie, if I'm correct, you're fine with ants right. Next time, let's play together」

「Un, I'm fine with ants」

「I'll give you an advice then. Don't let your guard down even after you annihilate the soldier ants first. If the soldier ants disappear, the worker ants up until there will suddenly change to soldier ants」

「Really? That might be very fun」

Sylvia, Nadia, and Veronica.

While sitting on top of the bed, the three chatted very happily.

And I, while looking at them, *Posun*, I laid on my back.

And then, the three came at once.

While chatting, the three clings their body to mine.

One increased, so it's the four of us on the bed.

The warmth was more than expected, and it's really blissful.

I was told that she would not divorce for the rest of our lives, and this happiness .

『Papa〜』

Chris appeared from the ceiling.

「Kyaaaaaa!」

Veronica raised a scream.

「What is this, why is a ghost appearing again?」

「My bad」

「Please hurry up and get rid of it!」

「I can't do that either」

I smiled wryly.

「I'll introduce her once again. She's Christina, she's my……well, daughter? -like something」

「What do you mean a ghost is your daughter!」

「It'd be long if I explain it, well, just get used to her. She doesn't have any ill will and I know where she came from, so」

「How can I get used to that!」

「No, but…… 」

「To think that something like this exists」

Veronica glared at Chris, and glared at me.

「I'll divorce right now!」

Sylvia didn't know what to do, and Nadia laughed out lout.

☆

The next day, in the archive.

Veronica is clinging to my head.

It's pretty much like I'm carrying her in my shoulder.

「Hey～, Veronica, it's very hard to read, so can you go down」

I'm reading a Grimoire, but Veronica is clinging to me.

It's not a joke, and it's really hard to read.

「I refuse」

「Refuse, you say……」

「That ghost girl is scary so I will stay just like this」

About Chris huh.

「Then, shouldn't you just go with Sylvia and Nadia」

By the way, the two went out happily. It seems like they would go shopping.

The two invited Veronica, but Veronica refused.

「Sylvia, she really felt bad you know」

「T-That is, I will make it up to her later」

「Well, please do that」

「Yes, I will. After all, I'm newlywed. There is no way that I should be away from my husband」

「That's fine, but isn't there no need to cling on like this?」

「There is!」

She asserted, she said a little fumingly.

No, well, it's fine though.

I mean, I'm pretty much getting used to it.

When Veronica clings to me, she clings on my head just like this.

It somehow feels like a sister wearing a hood, it feels like that.

Or maybe, in anime, a heroine that was minimized clings on the head, something like that.

I don't feel bad by it, so I left her like that and flipped the page of the Grimoire, and continued to read.

The one that I'm reading right now is from the ones that the King sent from the Grimoire Library that I haven't read yet.

Taking 30 minutes, I took my time reading it, and, *Patan*, I closed it.

「What happened?」

「No, I just finished reading it」

「You finished reading?」

Veronica got surprised.

「Un? Ahh, come to think of it, it was the first time huh, the first time that you're present when I finished reading a Grimoire. It's pretty much just like this, it takes about this much each book」

「That's a lie right」

「If not, I won't be called Senjukou you know」

「……ah!」

She noticed only now huh.

「B-But……did you really read it?」

「『Purchase』」

I took the cup that I brought for when reading manga, and casted magic.

The magic changed the cup to money.

Several coins, sensibly, a small change of a few hundred yen.

「This is?」

「The magic I learned right now. It seems like it's a magic that changes the thing that it's casted on into money on its suitable market price. Hmm, this is pretty useful. I might be able to make business using a pawnshop or second-hand shop as a pretext」

I won't though.

I put down the Grimoire that I read just now, and reached out to a new one.

「Are still going to read?」

「Well, I would read. The more I read Grimoires, the more magic I would learn. To protect our lifestyle, I need to continue on reading more and more as long as there is free time」

「Is that so……」

Veronica went off of me.

She silently sat on my side.

「What is it」

「I just thought that, I shouldn't get on the way」

「……pu!」

「Why would you laugh!」

Veronica got angry.

Her face reddened it's very cute.

「Sorry, sorry. You don't need to worry about that」

「But……」

「『Float』」

I made Veronica's body float using magic.

「Wa!……t-this is?」

「A magic that makes things float. And with that, do the thing earlier」

「E〜to, was it like this」

Veronica did as she was told, and our pose became just like before.

The pose that she clings to my head.

It was heavy earlier, but this time, I used『Float』, the floating magic, so I can't feel any weight at all.

「Ahh, it's quite good」

「Really?」

「Yeah」

「T-Then, I'll cling on to you with no reserves」

「Yeah」

I nodded, and started to read Grimoires with Veronica clinging to me.

This time, it's a 4-panel manga, so I could read it quicker than the one earlier.

When I was around the middle, Veronica's hand suddenly reached out, and flipped the page.

「Eh?」

「What is it?」

「No……」

I shook my head, and read the Grimoire once again.

After a while, after I finished reading the page a hand reached out once again, and flipped the page.

Just like earlier, it was flipped on the timing that I finished reading it.

「Veronica? Can you read this?」

「Nope」

「Then, why?」

「I just thought, that it's probably about time that the page would be flipped. I just felt it somehow with looking」

「At the Grimoire?」

「At your face desu wa」

「My face……you can know it with that?」

「It is my husband's after all」

She answered immediately.

It's a little embarrassing.

「Here, stop dawdling, and continue reading now」

「……yeah」

I continued to read the Grimoire.

And finally, I completely put away my hand.

I placed the Grimoire down, and just read it.

And Veronica would flip the page for me in a good timing.

It's similar to the system controlling a computer with eyesight, but it's incomparably comfortable.

My wife clings to me, and would flip the page of a manga for me.

My heart got warm; it's a wonderful moment.

On the other hand, I could hear something calling out "Die you riaju".

And just like that, when I finished reading the Grimoire, this time, I was sucked into a different space.

It's a completely dark space where nothing exists, and I was absorbed into it with Veronica.

「We met again Lucio, This tim 」

「『Black Hole』」

I instantly killed the face I'm familiar with and returned to the world I was before

「W-What was that right now?」

「It somehow happens, a trap. After reading a Grimoire completely, I'd get sucked inside, and be forced to battle against Demon King Balthazar」

「Demon King Balthazar, you say, “that”?!」

「You know him huh. Un, “that”」

I let out a sigh.

「Oh really, going on the way with my pleasant time with my wife」

I got pissed off so I killed him instantly in the middle of his words.

「I know right, going in the way of newlyweds, he should die getting kicked by a horse」

Veronica agreed.

I put down the trap Grimoire, and took a new one.

I read just the same, let her flip it for me, and actually test the magic I learned.

The afternoon that I spent just like that, it was a very fun one.

『Look, Papa! I had gotten nearer to materializing a little 』

「Get kicked by a horse right away!」

Veronica also gained tolerance to Chris, so today’s pretty much a fruitful day.

CHAPTER 61: DEEP SEA MINER LUCIO

「Bubu～, that doesn't matter bu. I also said this before, I'm busy so do what you want to do bu」

In the audience hall, I came to meet the pig I mean King Guernica.

My objective coming to this kingdom, I finally found what I need to do, so I came to get permission for that.

By the way, Veronica's beside me, but she's not noticed at all.

「Is it really okay?」

I emphasized asking.

King Guernica is eating sugar using his hand as usual, and around his mouth was sticky and those were sticking.

「You're too insistent bu! Do what you want bu」

He said that, and left the audience hall.

How can I say this, full of freedom, I guess.

Veronica who's beside me let out a sigh.

「He's as usual huh」

「Was he like that ever since?」

「Yes, since he was a child. That hobby is quite famous, and the head of the state frequently talk about it」

「I see」

That's why he was made to a king?

However I look at it, Veronica's more suitable for a king.

In fact, I don't know what she did when she was a queen, but it's impossible to be lower than that.

Her actual ability I'm thinking that it's high.

She saw through Isaac's uselessness in their first meeting.

Since the thing I came to do is finished, Veronica and I left the audience hall.

We walked through the corridor, soldiers and court of the ladies pass by from time to time, and every time, I got a little nervous.

「What happened?」

「Nah, I just thought that Veronica's identity would get exposed」

「There's no way」

Smiling pleasantly, Veronica asserted.

「If they found out, the commotion would not be this little」

「Is that so?」

「Yes, after all, I」

She grinned.

「If I enter the palace, I'll get executed」

「Ehhhhhhh」

I got surprised, and couldn't help but stop my feet.

「Why?」

「It became like that with the conditions when I was abdicated」

「You were given that kind of condition huh. Then, isn't it bad? Being here」

I looked around, I suddenly got nervous.

Veronica was too normal, so I couldn't expect that something like that happened.

「Ara, what is it?」

「No, because 」

「Even though my husband is this reliable?」

She told me with a smile.

That's unfair, the way she said that is unfair.

If she says something like that I'd get really happy.

「Is it bad?」

「……not at all」

I shook my head.

I'm being trusted, so I need to answer her.

「Whatever happens, I will not let you have a single scratch. No matter what happens」

「……」

Veronica looked down shyly.

「That's unfair」

「Eh?」

「That……to think that you'd reply with words that are more than I expected」

「More than expected?」

「I just expected『I'll protect you no matter what』……」

「Even if you're being protected, I'll get troubled if you'd get wounded after all. I will not let you have a single scratch, no matter what happens」

I said once again as if to declare.

「……」

Veronica got more and shyer.

But, her face looks very happy.

Suddenly, my eyes met with a soldier that is very near.

He had bloodshot eyes, and an expression that might cry blood anytime.

Explode you riaju, burn right away.

It was as if I could hear those words of blessings.

「N-Ne∽, Lucio」

「What」

「Hands……can we hold each other's. Right, just like when we do when it's the two of us」

Holding hands to hands, like that huh.

I didn't say anything, and held her hand.

And with that, Veronica got more and more happier.

I held my hands with her, and went outside like that.

☆

I came to the sea with Veronica.

The same place when we came before, and I casted the same magic.

「『Adaptation』. Come now, let's go」

「Un」

And, our hands held each other's, and entered the sea with an air of going for a walk.

「Does it really exists in here」

「There is. I mean, I saw it」

「Did you not see it wrongly. After all, you know……」

「At that time, it's only a walk with Veronica. I didn't lose out anything」

「I guess so」

Veronica got convinced.

We walked, very slow paced, we went for a walk in the bottom of the sea.

Seaweed is drifting.

Fishes are swimming around.

I made the horse I summoned with magic kick the sharks that couldn't read the air.

A lot of things happened, but even so, we continued our walk.

「Well then, it should be around here」

「Should we go separate ways and look for it」

「Is it alright?」

Veronica smiled, and removed her hand normally.

I got a little surprised. I thought that she wouldn't want to do that.

And that, she smiled and removed her hand by herself.

……she's a good woman.

We looked around.

We looked around for a while for the thing that we're searching for.

「Lucio!」

In a place a little far, Veronica called me.

I ran to her, and Veronica let me see the stone that she picked up.

「Is it this?」

「Right, it's this」

「This is……」

「That's right, a gold ore」

The thing that Veronica showed me was gold.

It's a gold ore.

「To think that it's really on the bottom of the sea. I wonder if it was thrown away by somebody」

「No, it's something that's in here」

「Even though it's in the bottom of the sea>」

「There's a lot of resources sleeping on the bottom of the sea. Gas, of course, there's also many kinds of ores」

「Was that so……」

「Veronica, can you take a little distance」

「Yes」

Veronica took distance as she was said. She knew what I was going to do within an instant, and took a distance.

I reached out my hand, and used magic.

「『Golden Pick』」

I summoned a giant golden colored pickaxe, and hit the bottom of the sea with it.

The earth that whirled up muddied the emerald green sea at once.

There's no problem since there's the effect of『Adaptation』, but to be sure, I asked Veronica.

「Veronica, are you alright?」

「Yes, I can't see anything though」

She seems fine from how her voice sounds.

And waiting for a while, gradually, the sea got calm and returned to its beautiful emerald green color.

She returned without me noticing, Veronica was beside me.

「Wa〜……」

The earth got peeled off, and the deposit was revealed.

「This……is all of this gold ore?」

「From how it looks, that's right. And also……」

I looked around.

「From how this goes, it looks like there's still a lot more. And, it's not only gold, it feels like there's also silver, bronze, and others」

「Those too?」

「On top of that……」

「On top of that?」

「Since hands can't be placed on it, the amount's probably a lot more than ground mines」

「……it's going to be touched for the first time in the world huh. A place that has yet to be placed a hand to」

「That's right」

「It means that it's something that can't be done unless it's Lucio huh」

I don't know about that. 『Adaptation』 magic exists from the past.

I just saw in television before「There's not only methane hydrate on the ocean floor, but there's also minerals」, so I placed an eye here.

Thinking of it carefully, the bottom of the sea is also「ground」, so it's natural that there would be a deposit buried under.

It's just its difficult mining in the bottom of the sea.

Being able to read 『Adaptation』 Grimoire and a person who's able to notice that can do the same thing.

Well, it seems like right now, I'm probably the world's first.

「For the meantime, should we start from gold that can be changed into money?」

「I will gather people for mining」

「No, that's not needed, I have something in mind that can do something about it with magic」

I can mine it, and bring it out of the sea.

「Rather than that, I want you to do something about changing the ores into gold」

I can also do something about that, but the efficiency isn't good.

「I understand, please leave it to me」

「Can you do that? Wasn't real powers taken away from Veronica?」

「I can do something about it. Of course, a safe one that I will be able to

return where Lucio is」

「I see」

I got relieved.

I used magic again, and dug the gold ores.

☆

The gold ores that was mined in the bottom of the sea were quickly turned into gold bullion

A tremendous amount was hidden within the unspoiled deposit, and it was estimated that there would be a hundred ton with only gold bullion.

On how that money would be used, I don’t know.

I just gave Guernica「asset that is more than a hundred tons of gold bullions」.

That’s all.

That is all about it.

CHAPTER 62: FISH AND FISHING ROD

「As expected of my Senjukou」

In the capital, in the audience hall.

When I came to report, the King was super happy.

「I believed in you, I believed that if it was my Senjukou, he would rebuild Guernica's state affairs with skills like magic」

「You're praising me too much, Ou-sama. I just dug gold and didn't do anything else」

「Umu, that humility, it's also as expected. As expected of my Senjukou」

「The Duke Your Excellency. Uhmm……the gold bullion that Your Highness dug……」

「I gave all of it to Guernica's treasury」

「All of it!」

「Un, all of it」

「As expected of my Senjukou. To think that you would not be blinded by gold. That cleanliness should be written down to history」

「……how great would it be if he put it in his pocket……」

The minister was having a headache.

I know how he feels. I also noticed it later on.

A hundred tons of gold bullion.

The number a hundred ton doesn't sound like it's a large number. It's gold so it's probably expensive, I thought, but it's only a hundred ton. I thought like that.

But thinking of it carefully, remembering the market price in the world I was in before.

I realized that it's actually five trillion yen even counting roughly.

A hundred ton is that much.

I don't know the market price in this world, but there's no doubt that it's a tremendous amount.

It couldn't be helped that the minister would get a headache.

I mean, I'm very sorry.

「The Duke Your Excellency, can't something be done, even though it's a little late. Your Excellency has the highest achievement in this case, I think that the thing you receive is too small」

The minister insisted.

「Is it not alright, minister」

The King said to let him calm down.

「My Senjukou's name had spread loudly with this case. It is as you have said. Is it not alright with that」

「 That is very true 」

Uwa〜, he said with a very flat tone.

This person, won't he have a hole in stomach sooner or later.

It's really troublesome being under a troublesome king after all.

No, well, it's my fault this time though.

I met eyes with the minister, when I looked at him with sympathetic eyes, his face got more and more pitiful.

And like that, when I was staring back at the minister.

「Minister」

「Ha」

「I understand your concern」

「Eh?」

「Do you see me as senile as that? A hundred ton of gold bullion, imagining what would happen if that would be passed to Guernica is very for me」

「I-If so」

「I am saying that on top of that, there is no problem. After all, in our kingdom, look」

The King looked at me. It's a face that is full of smiles.

「There's my Senjukou」

「……ohh」

Pon, the minister hit his palm.

His face was saying, "I see".

「That is true, the one who did that was the Duke His Excellency, and the Duke His Excellency is our Kingdom's heavyweight」

「Umu, it's as you say. The gold bullion that passed on them is only once, it means, it's dead money. However, here, there is the living Senjukou」

「That is true, there is really no problem at all」

…….

Well, I know what they're trying to say though.

It's probably the logic of even if a lot of fish was caught, if the fishing rod is at hand, there would be no problem.

I get that.

I got surprised, I didn't think that the King was thinking up to that.

I was sure, that as usual, he was just praising me without thinking of anything.

Honestly, I'm sorry.

「Are you fine with that, minister」

「Ha!」

Is it only in my mind, the way the minister looks at me changed.

「The Duke Your Excellency」

「What?」

「Please continue on taking care of us」

How can I say this, it's completely the same eyes with the King his eyes was like, "Senjukou, awesome!".

CHAPTER 63: MAGIC WORD

Before dawn, for some reason, I woke up.

My three wives are sleeping peacefully.

Sylvia who had completely stopped peeing on the bed.

Nadia who would still have an explosion of bed hair when she wakes up.

Veronica who newly joined.

After lightly gripping the hands of the three, I went down from the bed.

I went out of the bedroom. There was a figure in the dim.

I stared at that, it was the maid Amanda-san.

Amanda-san who had started to work in my mansion with Ojii-san's order.

「Good morning, Amanda-san. You're already awake」

「A maid is one who wakes up earlier than their master」

She said as if it was nothing.

Honestly, I woke up to go to the toilet.

It's something that is irregular, and after I finish, I would return to bed and sleep a second time.

And to think that she would wake up earlier than me, I got curious when would she sleep.

「Danna-sama does not need to keep it on mind」(TL: 旦那(Danna)様(sama))

Did she read my mind, Amanda-san said that.

Well, that's also good.

「Rather than that, what's with that "Danna-sama"?」

「I am now working on Duke Martein-sama's mansion. So, it is Danna-sama, instead of Obo-chama. If you do not favor it, I will change how I call you」

「Will you change it?」

「If it is an order」

「He～」

Thinking of Amanda-san's character, I thought that I'd get refused by her saying「I will not call you other than Danna-sama!」, but it wasn't like that.

Well, it's also her character that she'd say「If it is Danna-sama's order」.

「I got it. Danna-sama's fine」

「Yes」

I said that, and went to the toilet.

After finishing, I went back, Amanda-san was standing there after all, so I nodded to her and passed by.

I entered the room. My wives are still asleep.

Did they search for warmth after I slipped out, the sheets were quite crumpled, and they're sleeping keeping their bodies close.

「『Air Cushion』」

I chanted the magic with a small voice, and went on the air sofa.

And there, I stared at the three.

Sylvia Martein, my first wife.

She has gentleness within her loveliness.

My wife that is confirmed to grow into an orthodox beauty in the future using my magic.

It's her charm that she would wet the bed once every ten days.

Nadia Martein, my second wife.

She has a tomboy-ish part of her within her loveliness.

My wife that is confirmed to grow into an open-hearted beauty in the future using my magic.

Dragon Knight Nadia is famous among some, and the person itself is very satisfied with it.

Veronica Amall Martein, my third wife.

A little girl that has not only have loveliness, but also has a high level of elegance and strong will.

My wife that has already grown into a bewitching beauty, but still turned to her little girl appearance using my magic.

Unlike when she is an adult, her expressions that she shows straight-on is super cute.

My three little wives, each of them has their own charm.

On the air sofa, I observed them.

「Lucio-sama……I can't eat anymore」

Sylvia's sleep talk.

Well∽, that's what Nadia should say right.

「Lucio-kun……I haven't eaten enough」

Nadia's sleep talk.

Un, Sylvia's was Sylvia-ish.

「Lucio……eat me」

Veronica's sleep talk.

That's really like you, but erotic ones are prohibited under 18 years old.

The three said their sleep talk.

Thinking that it can be used someday, I recorded that using magic.

Even so, that's a good for nothing dream. I could probably check the contents using『Dream Catcher』, but it is also sleep talk that feels idiotic to do that.

But on the other hand, their sleeping faces are very cute, I'm content with that.

Staring at the three, when I noticed it, I fell asleep.

It felt good.

It felt good sleeping on the air sofa, but from the middle, it was felt better.

Somehow, I opened my eyes.

I saw the morning sunlight peeking inside, and the three closing their bodies onto me.

Everyone was awake, and our eyes met.

Their eyes they're sparkling.

「……good morning?」

I couldn't help it and made my morning greetings with a question mark.

Their eyes were sparkling that much.

I wonder why their eyes are like that, and when I was thinking of that.

「You can sleep longer, Lucio-sama」

「Right, right, and, can you do that again?」

「Hey, Nadia. It's spoiled if you say that」

Once again? Spoiled?

What is it about?

And when I was not being able to guess that, *Kon Kon*, *Kon Kon*, the door was knocked.

After the silent, rhythmical knock, the maid Amanda-san entered inside.

「Danna-sama, Oku-sama-gata. Good morning」(TL:奥(Oku)様(sama)方(gata)= missus-es?)

「Good morning, Amanda-san」

「Breakfast is already prepared」

「I understood」

「Che〜, it can't be helped」

「It's a closure huh」

My wives said one next to the other, they went away from me and left the room.

Only Amanda-san was left behind.

I really couldn't get it, so I tilted my head.

「I wonder what it was」

「Would you like to know?」

「Un? Do you know it, Amanda-san」

「Yes」

「Tell me」

「I understood」

Amanda-san said that, and cleared her throat.

「I will conshinue on loving you girls～」

She said it as if to imitate me.

It was so similar to my voice that it's surprising, but rather than that.

「Is that, my sleep talk?」

「Yes」

Uwa～, I see now.

And with that, the three were staring at me huh.

I also did that, so I get how they feel.

Ha～.

「That's fine though. Amanda-san's good at imitating my voice huh」

「Thank you」

「If you didn't stutter, it would've been a perfect hundred though」

「No, it is completely from the original」

「Eh?」

I got dumbfounded. That, don't tell me.

「Yes, Danna-sama stuttered」

Amanda-san said again as if she had read my mind.

「Seriously?!」

「Yes. To be more precise. It's『I will conshinue on loving you girls⌒. I failed⌒. I will conshinue on loving you girls⌒. I failed again⌒. I will conshinue on loving you girls⌒. Why can't I say it like I want tooooo⌒⌒』」

「……」

I was shocked.

Did I repeatedly say that.

And with that, the three were staring at me very cheerfully.

Uwaaaa⌒.

I held onto my head. It’s sleep talk that I’d like to die a little.

……no, I won’t though.

Regaining myself, I changed, and left the room.

I moved to the dining room in the mansion. And there, my wives were waiting.

All of them were humming, and is in a really good mood.

They’re grinning a little bit.

……ha⌒.

If they’d make such face, that’d make me say it “properly”.

「Sylvia, Nadia, Veronica」

I took a breath, and said.

「I love you」

I can’t stutter, so I just said the most important thing.

The three grinned more and more.
